I don't believe it was necessary for Dr. Hawkins to take such drastic action to eliminate the dust that plagued the rodeo this year. Three inches or more of rain did more than just settle the dust.

Like everyone else, I was sorry that the Riding Club had such hard luck with their rodeo because they had all of the ingredients—good organization, top performers and first-class stock—for one of the top shows in this part of the country.

Unfortunately, the Riding Club will not have the money from the show to continue their expansion program for their arena that has been the secret of their success.

Without taking anything away from the Riding Club or running over them, it is time for the community to get behind the club and help them increase their facilities and help with putting on the show.

The BCD is working on building a fine place for local youths to keep their FFA and 4H projects and are trying to locate this near the arena so that it could be used to keep the contestants horses in during the show. When as many high priced animals are brought to town as were here this past weekend it is a must that a good place be provided to take care of them. Some of the horses were worth from \$5,000 to \$10,000 each.

Covered stands for the crowds and a gravelled or paved parking area are two projects that should be undertaken before next year's show so that if the rodeo is plagued by rain it will not cut the crowd so drastically.

With the proper planning the area around the arena and the arena itself could be developed into a tremendous asset for our town.

If most people were like I was, they thought that this proposed \$810 pay raise for teachers would be paid by the state. Now I find that this is not the case since the state as a whole operates on a 80 and 20 percent basis. The state on the average pays 80 percent and the local district pays 20 percent. Because of the economic index of our district we pay 32 percent and the state only pays 68 percent while in the poorer districts the state pays more than 80 percent.

Because of the oil picture over the state and in our district the school picture is likely to get worse each year. The oil properties are now paying 15% of the local expense and each year their share drops because of the decrease in values which will put the squeeze on the district to keep up its standards.

Mrs. W. L. Cannon and children, Cheryl, Cindy and Stevie, of Dallas are visiting her parents, Mr. and Mrs. Seth Adams this week.

WHICH GIRL HAS THE TONI?—The contestants of the Junior Rodeo held here this weekend took the rain and mud in stride as the two girls above show as they compare the mud on each other. The girls, left to right, are Elrite Henson, Odessa, and Amy Harper, Marfa. They got most of their mud in the ribbon roping event as they tried to run across the arena with the ribbons.

## School Taxes to Go Up 10 Percent This Year

ANYONE FOR SKIS — An added attraction of the Hamlin Riding Club's Junior Rodeo Friday night was exhibition of surfboard riding in the mud. The heavy rains Thursday and Friday made a lake out of parts of the rodeo arena.

The Hamlin Independent School District Board of Education voted to raise the district's valuation 10 percent at its regular meeting June 12. This will mean a 10 percent increase in school taxes in the district this year. The board's action came after the proposed budget for 1961-62 was reviewed.

Fred B. Moore Jr., board president, stated that the increase was necessary to pay the district's share of the proposed \$810 state pay raise for teachers and the loss of values in oil properties this year.

The 10 percent increase will bring in \$22,000 in additional revenue, of this, \$17,000 will go to pay the district's share of the higher pay scale and the balance will be used to

pay on the bonded indebtedness.

When the state legislature passed the teacher's pay raise, and most observers believe they will, the local district will have to pay about \$259 of the \$810. It will also have to pay the full amount of the pay raise on five teachers that the district does not receive aid on.

There was a loss in values on oil properties this year estimated at \$250,000 and an increase in other values estimated at \$50,000, leaving a loss of valuation of \$200,000. This means a loss in revenue of \$3,000.

In the last five years the district has lost \$2,000,000 in values, representing a loss of \$30,000 in revenue. During the same period its share of the

school program has been increased by the State Local Assignment Program by \$13,000.

The \$810 pay increase will mean \$50,725 in additional income for the 53 local teachers with the state paying all above the \$17,000.

Since the Legislature will be called into a special session next month-at which time they will decide the teacher's pay raise-and the district had to set their budget for the coming year this month, Superintendent C. F. Cook explained that the board had to suppose the legislature will pass the salary increase or face the possibility of the district going in the red before the year was out.

This was the first increase in taxes since 1949, although the district lowered taxes in 1946 and then raised them back in 1958. The rate here is \$1.50 per \$100 in values.

The representatives of the oil companies that have properties within the district met with the Equalization Board and Tax Consultant for the Hamlin schools last Thursday. The proposed budget was presented and the request that a 10 percent increase be given for the purpose of the teacher's raises. After a discussion of the facts given the representatives agreed to cooperate with the Hamlin School Board on this proposed raise.

The income from the oil property amounts to \$9,078,111 and the income from local values amount to \$6,361,049.

## DAY CAMP POSTPONED UNTIL JULY BECAUSE OF WEATHER

Day Camp, scheduled this week for the Camp Fire and Blue Bird girls, has been postponed due to the results of the inclement weather conditions of the past few days.

Portions of the park, where the camp was due to be held, is still under water and it was impossible to mow the grass and set up facilities for the various projects and activities of the camp.

The swimming pool water was not warmed sufficiently to allow the girls to swim and swarms of mosquitos are very much in evidence after the rains.

Tentative dates have been set

for July 11, 12, 13 and 14 with the same schedule and set instruction as before. However, new registration cards will be mailed to each girl prior to the camp days.

Any additional plans will be announced at a later date.

## Final Rites Set Today For Mrs. Greenway

Mrs. Roscoe Greenway, 70, died at 11:45 a.m. Tuesday in the Hamlin Memorial Hospital. She was in the hospital only three days but had been in failing health for the last three and one half years.

A resident of Hamlin all of her life and a member of the Fairview Baptist Church, Mrs. Greenway was born November 5, 1890 and was married to Roscoe Greenway, on January 3, 1909. Mr. Greenway passed away in the Fairview community.

Funeral services will be held today at 3 p.m. in the First Baptist Church with the Rev. Lenard Hartley, pastor, and the Rev. Doyle Combs, pastor of the Fairview Baptist Church, officiating.

Mr. Vaughan, a member of the First Methodist Church, died Friday at 8:30 p.m. in the Hamlin Memorial Hospital following a month long illness.

A farmer in the Fairview community since 1924, he was born August 20, 1884 in Grand Saline and was married to Olevia Wells at Canton, Texas, on September 17, 1919.

Survivors include his wife; and four sons, Olan of Nevada, Texas, Audine of Houston, Texas, and Jack and Fred both of Hamlin; one stepson, A. V. Cloe of Moore, Oklahoma; three brothers, Jack and Earl of Fort Worth and Jim of Hedley; 17 grandchildren and five great-grandchildren.

Burialbearers were Cleo Perryman, Elmer Joiner, Jack Gray, H. E. Black, Joe Murff and E. L. Jenkins Sr.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home.

## SUNDAY RITES HELD FOR J. F. VAUGHAN, SR.

Funeral services were held for John Fred Vaughan Sr., 76, long time resident of this area, Sunday at 3 p.m. in the First Methodist Church with the Rev. Edmund W. Robb, pastor, and the Rev. Doyle Combs, pastor of the Fairview Baptist Church, officiating.

Mr. Vaughan, a member of the First Methodist Church, died Friday at 8:30 p.m. in the Hamlin Memorial Hospital following a month long illness.

## Rains Cut Rodeo Crowd To Fraction of Expected

Many of the top Junior Rodeo performers in the nation were on hand here this past weekend to take part in the third annual Junior Rodeo sponsored by the Hamlin Riding Club. Although the heavy rains Thursday and Friday cut the crowds down to almost nothing and cut the times of the contestants it did not dampen the competitive spirit.

The rain that started Thursday morning cut the parade down to the members of the Riding Club.

The three hand-tooled saddles were won by Kathy Greenwood, Carlsbad, N. M., in the 12 and under age group; Butch Edwards, Brady, in the 13 to 15 age group; and Betty Fry

of Abilene and Paulette Allen of Haskell tied for the saddle in the 16 to 19 age group. The girls were to settle between themselves who would get the saddle and they would share the honor.

About 145 contestants took part in the three day rodeo. The winners in the events were:

Stonewall Girls 4H Teams Place in State Meet

It was learned this week that the two Girl's Teams of Stonewall County 4-H Club did very well at the State Meets a couple of weeks ago.

The Poultry Market Demonstration Team composed of Billie and Nancy Vahlenkamp placed 7th out of 24 Teams. Those girls were interviewed by Calvin Pigg, and recorded for the W. B. A. P. Radio out of Fort Worth.

The Vegetable Preparation Team composed of Landra Baitz and Helen Diers received a red ribbon on their demonstration. This was very high as only 5 Blue Ribbons were given.

Mr. and Mrs. N. O. Crockett and Mrs. W. H. Miller, all of Denton were weekend guests in the home of their sister and family, Mr. and Mrs. E. L. Jenkins Sr.

Seth Adams Jr. On Dean's List

STILLWATER—Seth Adams, Jr. of Hamlin, a graduate student at Oklahoma State University the past semester, is one of 150 OSU students named to the President's List of Distinguished Students for the spring term.

The honor is accorded only those OSU students who make straight A's while carrying at least 15 hours of college credit, said Registrar Raymond Girod.

Mr. and Mrs. N. O. Crockett and Mrs. W. H. Miller, all of Denton were weekend guests in the home of their sister and family, Mr. and Mrs. E. L. Jenkins Sr.

Six From Here Attend Workshop

Six employees of the Hamlin School lunch room attended a School Lunch Workshop held last week, Monday through Friday at Texas Tech in Lubbock.

Subjects studied were food preparation, meal planning, service and sanitation.

According to Mrs. Cecil Brown, local lunch room supervisor, all of these courses were based on the type A lunch, which is 1/3 of the amount of the daily requirements for a child.

Those attending the Workshop with Mrs. Brown were Mmes. Mattie Conners, Barney Smith, Martha Rhoton, Ed Rogers, and Keith Witt.

## MYSTERY FARM OF THE WEEK

Whose farm is this? If you can identify the farm pictured above call or come by the Herald office. The first one identifying the farm will be given a free six months subscription to the Herald. The operator of the mystery farm will receive a beautiful mounted enlargement of the original photo, if he will call at the Herald office.

ATTEND GIRL'S STATE—Sandra, left, daughter of Mr. and Mrs. Milton Smith, and Mary, right, daughter of Mr. and Mrs. Earl Smith, are representing Hamlin at the Blubonnet Girl's State which will come to a close Friday in Austin. The girls are sponsored jointly by the Hamlin Rotary Club, Lions Club and the Sylvester American Legion, Auxiliary.

40 Years Ago--

Hamlin's new ball park was opened Tuesday with the fast Anson Whips as opponents and was a grand success from a financial standpoint and otherwise, and had the local club annexed the game, all would have agreed that it would have been the end of a perfect day. The installing of a new Butter-Kist Popcorn and Peanut machine in their place of business bespeaks for Steed-Brewton as being wide awake young business men. That machine is a dandy. Runs by electricity, pops the corn, butters it and dumps it out and at the same time parches the goobers. As an entertainment, there are also a number of fairy dolls jumping and laughing in the snowy corn, in a special compartment. Go and see it, its a real thrill. Mr. and Mrs. Tate May opened their home to the newly organized "Maggie and Jiggs Club." The guests assembled in the spacious living room where a short business meeting was held, after which several interesting games of 42 were enjoyed. Mrs. May served delicious refreshments to the following: Mr. and Mrs. Russell, Mr. and Mrs. Gray, Mr. and Mrs. Fowler, Mr. and Mrs. Low, Mr. and Mrs. Tumlin and Mr. and Mrs. Berry. Mr. and Mrs. Rupert Sparks are the proud parents of a fine boy born to them on June 16.

25 Years Ago--

The Bob Smith "Conoco" service station on Central Ave. and Highway 96, is being entirely rebuilt and enlarged and modernized. The A. D. Jenkins home on Flat Top burned two weeks ago. Everything was burned except a few articles like mattress, sewing machine and some quilts and linens. The cause of the fire has not been determined. Mr. Jenkins says he stored the goods saved with other articles in a seed house and last Sunday night this house and all the goods were burned. The origin of the fire was again not known. Last week, John Bonner of Wellington, closed a deal for the cafe formerly operated by Ray Fry. Mr. Bonner is a cousin of Hamlin's postmaster, Harold Bonner. Miss Gladys Martin of Coryell County has been named County Home Demonstration Agent of Jones County to succeed Miss Jewell Faulkner. Mrs. Mary Bossey, sister of Ray Legg, market man at the Safeway Store, has opened a new business. It will be called the "Silver Star Sandwich Shop". Sheriff Gordon was here to investigate a "cow lifting" case in Hamlin--in fact three

cows were taken last week. One from J. B. Bowman, one from Mr. King and one from Mrs. Kincade. Officers trailed a passenger car pulling a trailer far over into Collins County. At Celina they located and arrested a Lubbock man who had left the cows in a pasture near town while he negotiated to make a trade later. The cows were identified as those from Hamlin.

15 Years Ago--

Although the Office of Price Administration opened the way last weekend for higher restaurant prices, apparently no immediate increase in prices had been reflected in Hamlin cafes this week. Sixty years of married life were being recounted Sunday by Mr. and Mrs. J. W. Bevels. The couple have been residents of the Hamlin community for 23 years. The past weekend proved to be a happy one for the I. R. Witt family when Mrs. Witt's four brothers and father were reunited for the first time in four years. At 9:00 o'clock p.m. Sunday Lydia O'Neal, daughter of Mr. and Mrs. John O'Neal, and Rex R. Jones, son of Mr. and Mrs. R. M. Jones, were married in the home of Minister and Mrs. O. B. Practor in Abilene. Doyle Dean, Brad Rowland Jr. and Joe Clements arrived home after participating in the annual Boy's State ceremonies at Austin.

10 Years Ago--

Born to Mr. and Mrs. Jimmie Paul McFarland, a daughter, Mary Lu. She weighed six pounds and eight ounces. Born to Mr. and Mrs. Virgil Dockins, a daughter, weighing seven pounds and five ounces. She has been named Sherill Lynn. Born to Mr. and Mrs. James Mayes, a daughter. She weighed six pounds and four ounces and has been named Elma Ree. A fire Saturday destroyed the local Gulf warehouse and tank truck of G. B. Mayfield. The blaze started from spilled gasoline and fumes on the walkway and the truck ignited when the filler pipe was dropped and caused sparks with flames enveloping the truck. Mayfield, unable to drive the loaded truck from the loading rack because of the flames, soon saw the fire spreading to his warehouse. An in-honor affair was given for Suzanne Toler, bride-elect of Brad Rowland, in the Hollis Madden home. Mrs. Billy Joe Wilson, daughter of the Maddens, was hostess. Co-hostesses were Mrs. Jerry Waggoner, and Mrs. Weldon Townsend. Children of G. A. Meeks honored him with a Father's Day

picnic at the local park. Mrs. Leon Moore, the former Willie Dee Upshaw, was honored with a gift tea in the home of Mrs. Delma Shelburne.

5 Years Ago--

C. Austin Siburt is the new minister of the Hamlin Church of Christ. He comes from Henderson, in East Texas, where he had been preaching for two years. Clarice Brown, daughter of Mr. and Mrs. Cecil Brown, was named third place winner in the Texas Posture Contest. She was sponsored by Dr. W. M. Pattillo. Rebecca Ann Ferguson, daughter of Mrs. Thomas Ferguson, has been named rodeo sponsor from Hamlin to the 1956 Texas Cowboy Reunion at Stamford. She is sponsored by the B & PW Club and will appear on horseback in the daily parade and compete for the reunion Queen place. Parking meters in Hamlin will be discontinued for a 6 weeks trial period. This decision was reached by members of the City Council after they had met with 36 merchants and other interested citizens. Many of the merchants felt that the meters were keeping people from coming to Hamlin to shop. Dr. W. S. Seals was appointed local chairman of the annual free chest x-ray program to be held in the early fall. Jack Wright, son of Mr. and Mrs. Jack Wright Sr., returned to San Diego, California, after a one month visit with his parents and other relatives. Formal opening of the H. & M. Tire and Appliance Store will be held soon although the concern is already open for business in the Bowen Pope build-

ing, formerly occupied by the Herald. The business is owned by Joe A. Hudspeth and Weaver Medlin of Stamford. Hudspeth will manage the business and will move his family here as soon as housing can be arranged.

July Draft Quota Set for 258 Men

AUSTIN, TEXAS, June 13--The state quota for Texas draft boards in July calls for 258 men, Colonel Morris S. Schwartz, state Selective Service director, announced Tuesday.

There were no formal calls on the state for May and June and the April call was limited to volunteers.

The July call is the state's share of a national quota of 6,000 men, all for the Army.

Local Board quotas for the July call already has been figured and sent to the state's 137 local boards.

The July quota will be filled with men who are at least 22 years old on July 1, with the exception of volunteers or delinquents, who may be younger.

No quotas for pre-induction physical and mental examinations in July are planned for local boards.

Present indications are that egg prices will decline during the late summer and fall months to levels below a year ago. If the high hatching rate for egg type chickens continues, egg prices could be "distressingly" low during the 3rd and 4th quarters of 1961, advises F. Z. Beanblossom, extension poultry marketing specialist.

NEINDA PHILOSOPHER TRIES HIS HAND AT WRITING A SPEECH FOR 1961 GRADUATES, BUT GIVES UP

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 meets a difficult problem this week, and then sidesteps. Dear editor:

A friend of mine who didn't have much to do and less on his mind stopped by out here the other day and after complaining about the weather and high taxes said: "Say, if you were making a speech to a class of graduating students, what would you say?"

This is like asking somebody who has just gone bankrupt how he would pay off the national dept. and I ignored the question, but after he left, I got to thinking about it.

Later on in the day I read a newspaper account of a speech a man made to a bunch of university graduates, and he painted the picture of the world so serious, so grave, so fraught with dangers and momentous uncertainties, so filled with the possibilities of the destruction of man if the wrong decisions are made, that for a moment my advice to anybody graduating from school this spring was:

Don't do it. Get back in school. It's too dangerous out here in the world.

You'd think somewhere, sometime, a speaker would tell a graduating class "this is a fine, wonderful world we've arranged for you. Be sure to take care of it," but so far none of them has had the nerve. They just warn em what's out there, then duck.

But then I got to thinking. If the present world, under the type of management us adults have been giving it, hasn't blown up, it ought to be safe for graduates to come on out and see what they can do with it.

Of course it won't be much, but then the standards already set aren't too high anyway.

Personally, I have never felt uneasy about turning over the world to a new set of graduates. In fact the first place, they didn't have nearly the effect on the world as they figured they would. Doesn't make any difference how much edu-

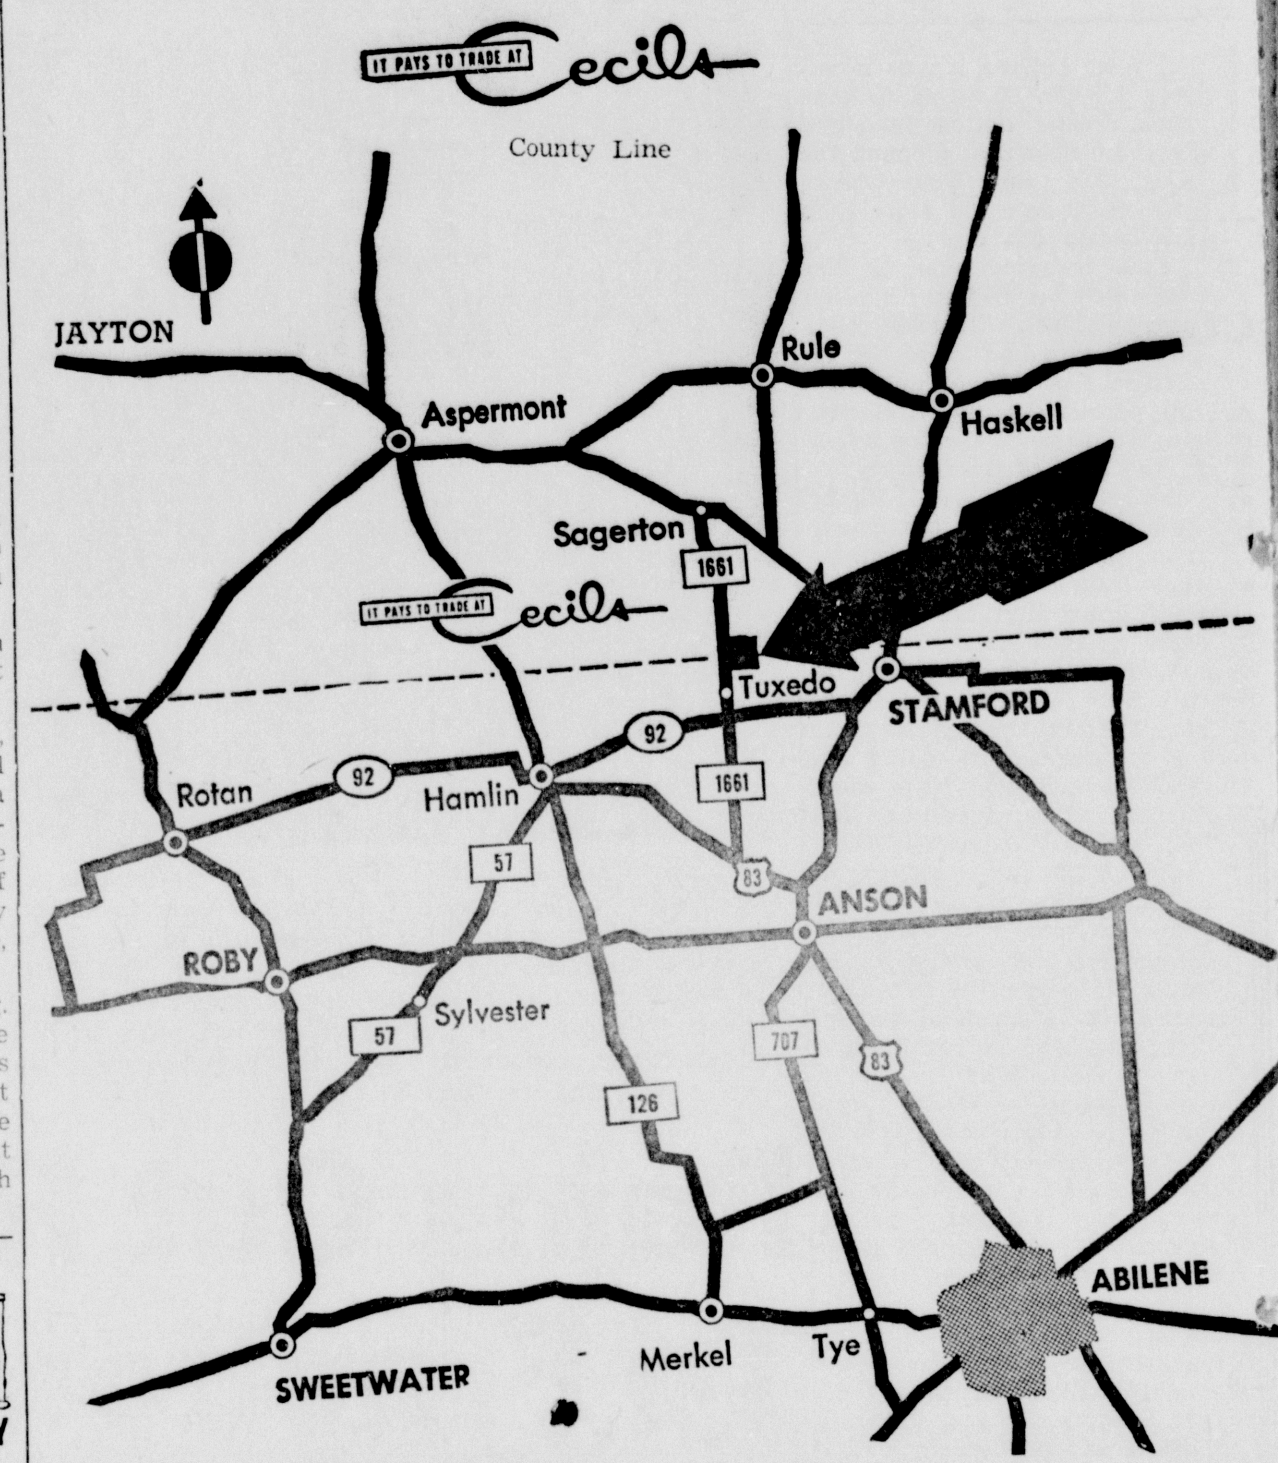

cation a graduate has, the world just doesn't seem too impressed at the start and frequently not at the finish.

When it comes to giving advice to graduates, I shut the gate and retire to the back side of this Johnson grass farm.

Your faithfully,  
J. A.

As you grow older, your system begins to dry out. This is true of your digestive system, and it may lead to constipation. SERUTAN, taken daily with plenty of water, produces a smooth gel that provides the proper moisture, bulk and peristaltic stimulation to help end your constipation worries.

SERUTAN is the all-vegetable laxative aid that moistens hard, dry food wastes and forms it for easy, regular elimination. SERUTAN is entirely different from harsh chemical pills, salts, bran or oils. Take SERUTAN daily with water and enjoy regular elimination of your money back.

## 'EXPOSITION OF MUSIC,' THEME FOR 1961 TEXAS STATE FAIR

The 1961 State Fair of Texas will have an "Exposition of Music" theme. Dates of the Fair are Oct. 7-22.

Musical events of all types from classical to jazz will be highlighted at the 1961 State Fair to carry out the exposition theme.

Every high school band in the state will be invited to participate in some way. College

and university bands, orchestras, choruses and similar groups will also be encouraged to give performances at the Fair.

A big feature of the 1961 Fair will be a spectacular parade around the fairgrounds each evening. The parade will include elaborate illuminated floats carrying out the musical theme, in addition to bands and other marching units.

Some 32 cities and towns throughout a 200-mile area will be offered the opportunity to participate in the parade, with two cities each night due to be honored with its local queen riding on the town float and its high school band included in the line of march.

Among major musical events planned for the "Exposition of Music" are a Gospel Singing Festival, old fiddlers contest, the annual Texas Music Festival sponsored by the Texas Music Educators Association, a Circus Night in the Cotton Bowl, a special children's concert, a pageant saluting "East Texas on Parade" and a college jazz concert.

An appropriate tie-in with the "Exposition of Music" is a show to be presented in State Fair Music Hall during the 1961 Fair. This will be the Rodgers and Hammerstein Broadway hit, "The Sound of Music," to be staged here by the national company. The popular "Ice Capades" also will include numerous musical themes.

The State Fair down through the years has made many contributions to the musical taste of this area, from the early-day band concerts by the Sousa and Liberatis down through the great musical shows presented at the Fair in recent years," said James H. Stewart, executive vice president and general manager.

Mr. and Mrs. Willard Herring and children spent Sunday with her parents, Mr. and Mrs. Joe Ford.

Mr. and Mrs. Bob Beauchamp and Jackie of Knox City visited with his brother's family, the John Beauchamps, Saturday night.

Mrs. Roscoe Greenway was entered in the Hamlin Hospital last Thursday. Mrs. Greenway is seriously ill and we extend to her and her family our love.

Mrs. Dalbert Barron returned home Sunday with her husband and boys to Berger, she had spent three weeks with her mother, Mrs. Greenway.

Amid all of the sadness out this way we may have one happy bit of news. Mrs. Jack Wright, the former Jo Ann Holmes had surgery June 14th at Baylor Hospital in Dallas, and returned home in ten days and is well on the road to recovery. Mrs. Wright spent two years ago after surgery, but all went well this time and her doctor says all of the illness and anxiety of the last few years can be forgotten, a fact for which all of her friends are sharing the family's happiness.

Mrs. Elmer Joiner spent last Wednesday helping her son, Mr. and Mrs. Jimmy Joiner and children, move from Hamlin to 1010 East Vanderbilt St. in Stamford. Jimmy is employed at Spencer Lumber Co. in Stamford and has started building a new home there.

Mr. and Mrs. Andy Rice, Nita and Janet of Calisbad, New Mexico were visitors in the home of her aunt, the Woodrow Goodwins, Sunday morning.

Brenda and Kathy Combs went home with Linda Goodwin Sunday. Their little brother Johnny, had spent last week with Linda.

## Stonewall 4Hers Attend District Leadership Camp

Six Stonewall County 4Hers attended the Annual District 3 Leadership Camp at Buffalo Gap. They were Brenda Dalby, Joann Poore, Ann Cumble, Charles Diers, Tim Jones and Jerry Martin.

The purpose of the three day Camp was to learn Leadership in its different phases of 4-H work, and how to use it having a better 4-H Camp and its activities in their home county. Brenda Dalby was on Vesper Committee, and helped plan each night's ceremonies. Ann Cumble was on the Committee to plan one of the night's parties. All 4-Hers helped to lead songs in the morning meetings. Those attending besides the 4-Hers were: Mrs. R. T. Cumble, Mrs. Frank Poore, and County Agent Truette Hennig.

**RELATIVELY FEW RESPONSIBLE FOR LARGE PART OF ACCIDENTS**

AUSTIN — Accidents killed 3,000 Americans last year— including more than 5,200 Texans. How many of those people died because they were "accident prone?"

There is no way of knowing, of course. "Accident prone" is a phrase coined by the experts— psychologists, industry men and others on the theory that many accidents result from the victims' emotional make-up.

Studies by agencies interested in health and safety have shown that relatively few people are responsible for a high percentage of accidents. Conclusion: a person who has had one accident is more likely to be involved in another one than a person who has had none at all.

State Health Department studies confirm this. For example: An industrial firm tries to reduce accident rates among heavy equipment operators by ordering a painstaking investigation into every mishap. Everything from shop environment to operator reaction time is checked.

The accidents continue despite an extensive educational campaign. But when the operator, with bad records are transferred to other jobs, accidents involving heavy equipment fall to one-fifth of the former rate.

The transferred operators? They keep on having accidents on their new jobs and at home.

The experts have traced definite personality patterns among accident-prone people. Almost invariably they are impetuous, following impulses without deliberation or planning. Their decisiveness is, in reality, a drive for independence and self-reliance.

For the most part, investigators have found they have a history of neurotic traits in childhood. They simply reach a point, in their failure to handle an emotional necessity. Results: an "accident."

But while admitting that such things as accident proneness exists, Texas health officials still prefer to stress environmental hazards and biological conditions such as fatigue, temporary stress-produced inattention, impaired vision or hearing or underlying disease as the major culprit in accidents.

Too much emphasis on accident proneness, they feel, tends to obscure the need for correcting defects in industrial equipment, slum housing, inefficiency traffic systems and inadequate playgrounds. (A weekly feature of the Health Education Division, Texas State Department of Health.)

The portland cement that will be used in the Interstate System would build more than 80 monoliths the size of Hoover Dam.

The McCauley Home Demonstration Club met Thursday, June 15 in the home of Mrs. Fred Kemp. Program topic was on the Selection of Luggage and Packing Suitcases. It was presented by Mrs. Fred Kemp and daughter, Ann Kemp. There will be no club meetings until September 7

and it will meet with Mrs. T. H. Boyd. The annual club family picnic will be held sometime in August at the T. H. Boyd home.

Miss Dana Overton of Galveston is visiting her grandparents, Mr. and Mrs. Luther Rector for a few weeks.

Mrs. T. H. Boyd visited her parents, Mr. and Mrs. Robert Lytle of Chillicothe last week and her granddaddy returned home with her for a visit. He is Walter Green of Quanah.

Mr. and Mrs. Levi McCollum's daughter and son-in-law of Abilene were home over the weekend.

Mrs. Louis Boyd's great niece, Mary Garretson of Chillicothe visited her last week. She returned home this week.

Every year has 53 days of whatever day it starts with.

## Virgil L. Wilson To Attend Camp

LUBBOCK — Army ROTC cadets from Texas Tech will report June 17 for six-weeks of summer camp at Fort Hood, Texas, Col. James B. Carvey, Tech professor of military science has announced.

The 65 Tech cadets are students who have completed their junior year of academic ROTC schooling. At Fort Hood they will undergo field training exercises and become familiar with Army weapons.

Virgil L. Wilson of Hamlin is one of the 65 to attend summer training.

In 1960, the farmer received only 39 cents out of each dollar consumers spent for food in the United States. The remaining 61 cents went for marketing charges. This compares, says the USDA, with 51 cents in 1947 and 32 cents in the depression years of 1932-33. Though farmers got lower prices for their produce in 1960, consumers paid more for the food.

## Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

## Is Change-of-Life Making You Only Half a Woman?

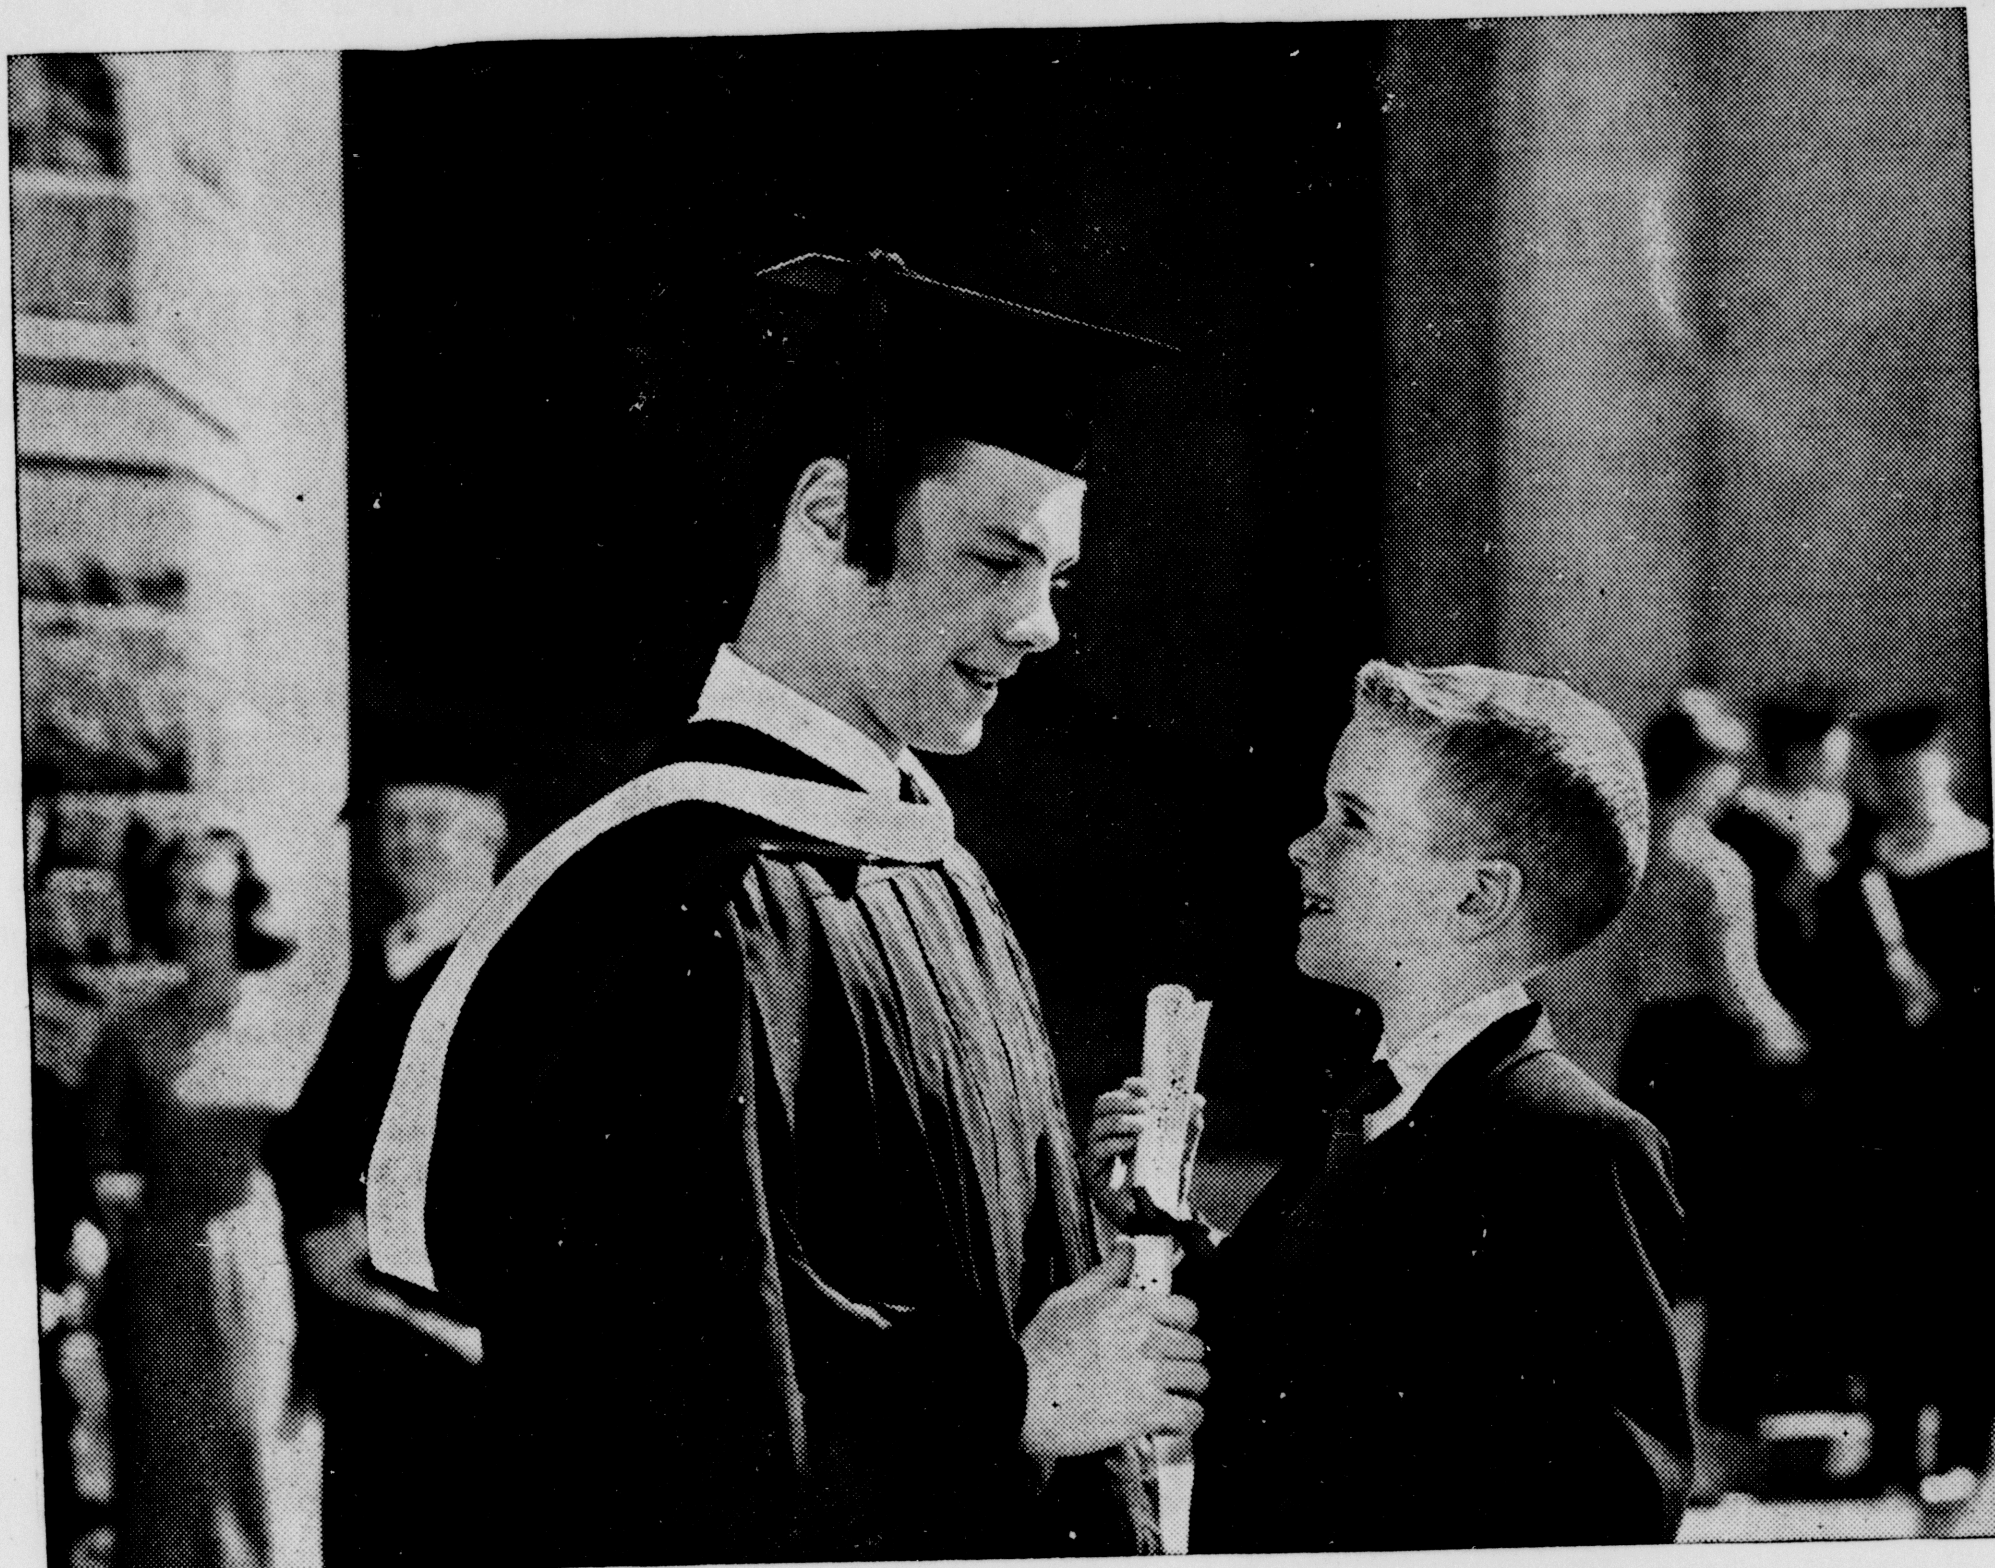

Special women's medicine can relieve "hot flashes", weakness, nervousness... then you can enjoy life fully again!

Has change-of-life left you so weak you feel only "half" alive? Suffocated by "hot flashes", constantly tense... so you can't be an affectionate wife and mother?

Don't despair! Lydia Pinkham's Compound can relieve both tension and physical distress! In doctor's tests, Pinkham's gave dramatic help—without costly shots! Irritability is soothed. "Hot flashes" subside. Then most women can go "smiling through" change-of-life without suffering!

If change-of-life has left you only "half" a woman, get Lydia E. Pinkham's Vegetable Compound from druggists. See how fast you can feel "all woman" again!

SLEEP 8 HOURS—WAKE UP TIRED? When due to simple iron-deficiency anemia, take Pinkham Tablets. Rich in iron, they start to strengthen your blood in one day!

## WILL I WEAR ONE OF THOSE WHEN I GROW UP?

Will you?

Of course you want to grow up and be like your big brother—go to college, become an electronics engineer, an architect, a doctor. And we hope you do, because our country is growing and we'll need many more highly trained men and women to keep America strong and free.

Of course you want to go to college!

But, will you? Well, that depends.

It depends on you, of course. You've got to be bright, ambitious, hard-working. But it depends on something else, too. For you to go to college, there has to be a college for you to go to—or room for you in the college you select. Because in ten years—maybe less—applications to colleges and universities from

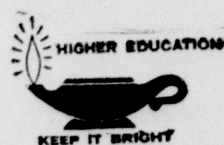

bright boys and girls like you are expected to double. If you and your friends are to receive a really good education, it will mean more classrooms, libraries, up-to-date laboratories—above all, thousands more top-quality professors. And all that will mean money—a great deal of money.

If grown-ups will realize the problem and do something about it, your chances of going to college will improve. Let's hope they start now to give you the gift of knowledge—by helping to support the college of your choice.

If they want to know more about what the college crisis means to you—and to them—tell them to write for a free booklet to Higher Education, Box 36, Times Square Station, New York 36, N. Y.

Good luck, son!

## OLD GLORY NEWS--

By HELEN DIERS

The Old Glory Girl's 4-H Club will meet in regular session on Thursday, June 22, at 2:00 p.m. The time has been set up because of the Aspermont parade on that day at 4:00.

The executives of the Old Glory Girl's 4-H Club met on Friday, June 17, in the Home-making Room. Five dates were set for summer meetings: June 22, July 6, all day meetings, July 22, swimming party, Aug. 4 election of new officers, August 18, installation of new officers. Demonstrations for each meeting were set up and hostesses for each were notified. A program for every meeting was planned.

Charles Diers, son of Mr. and Mrs. E. H. Diers, attended District 3 Leadership Camp at Buffalo Gap on June 12, 13, and 14. Five others from Stonewall County attended. Swimming, eating, square dancing, and

## LOCAL BUSINESS . . .

S. S. Talbert, Ph. D. Chairman, Dept. of Journalism University of Mississippi

Several years ago a mousetrap factory in Scotland was forced out of business. For nearly a century the factory had near monopoly on the mousetrap business in Scotland; it produced a million traps per year during peak years.

No doubt, the company made fine mousetraps—perhaps the best ones ever made. But it went out of business because the management made two mistakes common to failing businesses.

First, the company produced such a good mousetrap that advertising was considered unnecessary.

Second, the management assumed that they had a monopoly because no one was making mousetraps.

These mistakes result in a smugness which is deadly in a free economy.

Although no one else in Scotland was making and advertising mousetraps, various firms began to produce and advertise rat poison. At the same time health measures were reducing the number of rats.

The company had competition which it did not recognize nor attempt to meet. Also the market for its sole product was dwindling.

Nearly every business—retail and industrial—has identical problems. And they are ever present. The demand for every product changes with time, and competition always arises in even the most monopolistic areas.

There is a substitute for every product the American consumer buys. When the substitute is better advertised, an increasing number of consumers choose the substitute.

The man who makes the best mousetrap in the world can be sure of only one thing—he

## Seagraves Youth Wins WTPA \$600 Scholarship

Midland — (Special) Newspaper scholarship winners of the West Texas Press Association for the coming year have been announced by Jimmy Allison of Midland, WTPA president.

The \$600 scholarship, which amounts of \$150 per year, goes to Eugene Young, son of Mr. and Mrs. Gerald Young of Seagraves, who won first place. He has decided to go to Texas Tech.

The committee decided that the two runners-up would fill out the remaining time left by two previous winners who had to withdraw.

First of these runners-up is Peggy Sue Hale, daughter of Mr. and Mrs. Joe Vern Hale of Canyon, who plans to enter West Texas State College, Canyon.

Second of the runner-up is Carolyn English, daughter of Mrs. Madeline English, who plans to enter Texas Tech.

The committee is composed of Frances Perry, Ballinger, chairman; Bob Wille of Menard; Don Coppedge of Brownwood, and Virgil Moore of Eastland.

Mr. and Mrs. Orville Lock and sons, Smitty, Mike and Ronny from Oklahoma City and Mrs. J. E. Lock from Snyder visited in the home of Mr. and Mrs. Don Lock from Thursday to Saturday. They also visited with Mrs. W. B. Elkins.

## TEXAS FARMERS, RANCHERS REJECT FARM BILL--J. F. WEST

WACO--(Sp)—The president of the largest farm organization in the state declared this week that most farmers and ranchers in Texas reject the Administration's omnibus farm bill which Agriculture Secretary Freeman promoted during his visit to central Texas last week end.

J. H. West, president of the \$1,000-member Texas Farm Bureau, said that organizations representing only a small majority of Texas farmers and ranchers had actually endorsed the Cochran-Freeman farm bill.

"According to reports we have received," West stated "many people over the state and nation were given the false impression that Texas farmers and ranchers were united behind the Administration's bill."

A meeting of farm organizations over the state was called for Waco on the eve of Freeman's visit Saturday. Purpose of the meeting, according to Alex Dickie, Jr., of Denton, president of the Texas Farmers Union, was to endorse the Kennedy farm program. Dickie exhorted "all" farm groups

## Several From Here Attend G. A. Camp

"The Master... called for thee" is the theme for the Intermediate Girls Auxiliary camp which opened Monday and closed today at Lueders Baptist Encampment.

Activities of the camp include a beauty hour, choir rehearsals, swimming, stunts, a pajama party, vespers at the riverside, call to worship, call to consecration, work on "forward steps" and call to dedication.

Camp director is Mrs. Rodney Dawdy of Rule who is also District G. A. director.

Those attending from the First Baptist Church are Mary Lois Patterson, Connie Jo Duncan, Rose Marie Lovell, Paula Kim, Mary Ann Elkins, Elizabeth Cunningham and Mary Margaret Turner. The group was accompanied by Mrs. Benny Watson, their counselor, and Mrs. Charles Lovell.

## TREMENDOUS TRIFLES THE WAGER THAT STARTED THE MOVIES

No one could have foreseen the connection between a WAGER and the MOTION PICTURE industry... Seems like a trivial thing? That's just the point! SO MANY IMPORTANT THINGS HAVE STARTED IN SUCH INSIGNIFICANT WAYS! But—the story:

The incident happened in Sacramento in the year 1877. Two famous sportsmen of the day fell upon a discussion of a sport they both loved: horse-racing. One of these was Leland Stanford (for whom the famed university is today named) and the other was a noted sportsman of the day. The point of the discussion seemed to be whether all four legs of a horse left the ground at the same time during a run, a gallop or canter.

You must remember that this was before the days of advanced photography and it was difficult to prove what today seems simple, indeed! Feeling became keener as the sportsmen differed, irreconcilably, on this point. It ended in a wager of some five thousand dollars. And then it was necessary to devise ways and means of complete proof.

It was finally determined to utilize the talents of a noted photographer of the day, Edward Muybridge of New York, and the solution of the problem was placed entirely with him.

Muybridge ingeniously devised a battery of sixteen cameras, placed within a foot of each other along the course to be traversed by a champion race horse of the day. To each of these camera's shutters a string was attached that would be tripped by the horse's legs as he ran, galloped, cantered across the prescribed course. In this way, he would be photographed in sixteen different positions.

Now, the story ends in two ways: it definitely established the fact that all four legs of a horse DO leave the ground, thereby earning the wagered sum for his sponsor. But far more important was the incidental and accidental result....

Thomas A. Edison was the most important inventor of the day. His interests had led him into many and varied fields. But it was never in the direction of photography.

One day Edison chanced upon the series of pictures that had been prepared by Muybridge in settlement of the wager. In a flash, he saw in it the central idea of continuous motion: if these intervals between the movements could be made shorter, there would be a more realistic effect of continuous motion.

That was all that was necessary for the fertile and inventive mind of the Wizard of Menlo Park. It was the beginning of a long series of experiments in the field of continuous motion. It was the beginning of Edison's interest in the pioneer motion pictures with which his name is imperishably linked.

## Two From Here Attend Meeting

Mrs. Gerald Young and Mrs. E. D. Perrin attended the quarterly meeting of the Abilene Deanery Council of Catholic Women, an affiliate of the National Council of Catholic Women, held at St. Michael's Hall in Anson on June 13.

The meeting opened with Holy Mass celebrated by Father James Meure, Catholic pastor for Jones and Haskell Counties.

Sister Madeline, of Our Lady of Victory Missionary Sisters of Abilene, special speaker, urged the members to become more active in the Confraternity of Christian Doctrine and announced the teacher training course for the Confraternity to be given in Abilene during the last weeks of June.

Research engineers are working to develop highways that in the future will not only carry an automobile but it will help drive it through electronics.

## Disability Benefits Must Be Filed By June 30, 1961

June 30, 1961, is an important deadline for many disabled workers, stated R. R. Tuley, Jr., Manager of the Abilene Social Security District Office. Failure to make application on or by mail on or before that date could result in loss of disability benefits as well as future retirement or survivors benefits.

Tuley explained the work requirement that must be met in order to qualify for disability benefits. This is that a person must have social security credits for at least five years out of the ten years before becoming disabled. However, after June 30, 1961, a person who became disabled before 1955 could lose his rights to disability benefits after the June 30 deadline.

In conclusion, Tuley urged all disabled workers with long-standing disabilities to contact the social security office no later than June 30, 1961. The office serving this area is located at 203 Fannin Street in Abilene. Affected persons unable to go to the district office should be sure to write a card or letter to the local security office before July 1, including words such as, "I want to file a claim for disability benefits." This will protect their rights, even though formal claim is not filed until later.

## Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

We believe God's Holy Word which says in II Chronicles 7:14.

"IF MY PEOPLE which are called by MY NAME shall HUMBLE themselves and PRAY and SEEK MY FACE, and TURN FROM THEIR WICKED WAYS; THEN will I HEAR FROM HEAVEN, and WILL FORGIVE THEIR SIN, and will heal their land."

And then from Mark 8:34-35-36-37-38:

"Whosoever will come after me, LET HIM DENY HIMSELF AND TAKE UP HIS CROSS and FOLLOW ME. For whosoever will save his life shall lose it; but whosoever shall lose his life for my sake, and the gospel's, the same shall save it. FOR WHAT SHALL IT PROFIT A MAN, IF HE SHALL GAIN THE WHOLE WORLD and LOSE HIS OWN SOUL? Or WHAT SHALL A MAN GIVE in EXCHANGE FOR HIS SOUL?

## and what have you

by BOB CRAIG

One of the finest talks I have heard in a long time was given Friday night at the FFA Father and Son Banquet by John Bill Oman of Stamford, state vice president of the FFA. He will be a sophomore at Texas A & M this fall and spoke with the maturity of a grown man.

He urged the boys at the banquet to plan now to attend college regardless of whatever effort it took on their part. He pointed out that it may look like the boys who don't attend are getting ahead of those who do, but if they will look around they will see that the college graduates soon are way out in front.

He gave several ways that the money can be found for college and that no one need miss out on college because of the costs.

Oman told the boys that they have two responsibilities, the first to God and the second to their selves.

If you like to eat, and I for one do, you can't beat a FFA banquet. The boys prepared the meal themselves and there was plenty for everyone. If you don't have a boy who is a member next year I would suggest that you try to borrow someone else's boy.

Ever since John Hancock put his name to the Declaration of Independence in 1776, July has been a favorite time for freedom fighters.

As least six countries have chosen the month Julius Caesar named after himself in which to throw off the tyranny of a foreign power, according to World Book Encyclopedia. And several nations have found the hottest month of the year a good time to relinquish control willingly of their possessions.

The Dutch may have started the trend. They declared themselves independent of Spain back on July 26, 1581. A few centuries later, in 1830, the Belgians got the idea and broke away from the Netherlands.

July is cooler down in South America, but it never chilled the ardor of patriots, who gave Spain another beating in the early 1800's. Spurred by Simon Bolivar, who was born in July, Venezuela declared its independence in 1811. Argentina issued its declaration in 1816 and Peru made the move in 1821.

Great Britain saw the handwriting on the wall and in 1867 it gracefully pulled out of North America. Canada became a self-governing dominion.

In 1946 it was the turn of the United States, and the Philippines was officially declared independent on July 4th. Six years later, Puerto Rico became a self-governing commonwealth.

In 1960 the focus shifted to Africa, where a host of countries peacefully made the transition to republics in July. These included Ghana, Somalia, Central Africa, Chad, Congo, Dahomey, Gabon, Ivory Coast, Niger and Upper Volta.

## Mrs. Maberry Attends Workshop

Mrs. Willard Maberry, public music teacher in the Hamlin schools, is attending a Music Education Workshop at McMurry College this week. The workshop is being conducted by Miss Marion Flagg, a consultant in music education for the public schools of Dallas since 1940.

Basing her lectures on a new book, "Guiding the Child's Growth Through Music," by Mac Millan, Miss Flagg has designed the workshop to give consideration and study to planning of music instruction, the child's voice, its capabilities and limitation, rate songs, learning through listening, rhythm games, rhythm bands, creative activities and song books.

## LOW RENT HOUSING NEARER AS GOVERNMENT OK'S PROGRAM

Mayor John V. Howard Jr. received word here this week that Hamlin's program for community improvement (workable program) through the elimination and prevention of slums and blight will make Hamlin eligible to apply for one or more types of Federal assistance, according to the

letter received from Representative Omar Burleson.

This clears the way for government approval of a loan for low-rent housing. The Housing Authority of the City of Hamlin is seeking approval of 20 units costing in the neighborhood of \$280,000.00.

## Restrictions Invoked On Cattle Movement

Failure on the part of Jones County livestock raisers to sign up in sufficient numbers for a brucellosis control program has brought restrictions in movement of cattle, it was announced in Stamford Wednesday, June 21.

An area testing program is put into effect in a county when 75 per cent of the cattle owners of that county petition the Texas Animal Health Commission. When this is done, all herds in the county are tested for the disease, the infected herds are quarantined and retested until clean, and the county then qualifies as a Modified Certified Brucellosis Area.

Earlier this year, a sign-up program was conducted in this county but an insufficient number of signatures was obtained. All counties surrounding Jones are under the program, according to Dr. S. J. Smith of the Texas Animal Health Commission, in Stamford Wednesday.

He said the commission is setting up a series of roadblocks to inspect cattle leaving

Jones County. Two livestock inspectors have been assigned to this area to check on cattle movements for compliance with the state's brucellosis control regulations.

The roadblocks are established at various points on all roads leading out of the county. Usually the inspection station will remain in operation for four hours at one point, then move to another road, Dr. Smith said.

This is done at various times of the day to get a representative sample of shipments. Cattle moved from Jones County into a Modified Certified Brucellosis County must meet the requirements of the Texas Animal Health Commission.

Persons who move cattle in violation are subject to a fine of up to \$100 per head. All of the counties that surround Jones are control areas, Mr. Smith reminded, and any movement into these counties must meet these requirements.

Here is an outline of the requirements for movement of cattle into these surrounding counties.

(1) Steers, heifer calves under 8 months and official vaccines under 30 months old, no restrictions.

(2) Adult cattle consigned to a slaughtering establishment or an approved livestock market, may move without test. At the livestock market they will be identified as Jones County cattle and sold subject to a negative brucellosis test prior to leaving the market.

(3) All other movements of adult cattle must be tested for brucellosis prior to movement from the county if the designation is a brucellosis control area. They must be held separate and apart from other cattle when they arrive at their destination and retested in 30 to 90 days.

Cattle from Modified Certified Brucellosis counties, such as those surrounding Jones, may move freely without being tested.

## Adrain Parker Furnishing Reunion Stock This Year

Adrain Parker of St. Joe, Texas, is furnishing the bucking brones and bulls for the Texas Cowboy Reunion to be held in Stamford, July 1, 3 and 4.

He is bringing a full truck load of the wildest brones from the setting bull indian reservation of the Black Hills, S. Dak. The outstanding horse is an indian pony "Apple Jack," a wild paint-brown, with glass eyes and has been ridden only once in his life and then by an unqualified rider. No one has ever been able to shoe this horse. "Also says Parker, there is "Montana," a big blue mare that was out 41 times in 1960 and never ridden.

And a brahma bull "Muerte" who has been ridden one time in 72 tries. This is the bull that badly hooked a rider at Roby. Parker strongly advises the clowns to stay away from this bull. He says he has also found that Northern horses are meaner than Texas horses, they bite and lay down as well as kick and paw.

Mr. and Mrs. Joe Coch and son, Jimmy, of Riverside, California, Miss Francis Bailey of Paris, Texas, James Bailey of Houston, Texas, and Mr. and Mrs. Leslie M. Cole and daughter, Mary Leslie, of Slaton, Texas, are visiting their mother, Mrs. Ed Bailey this week.

**AWARD WINNERS**—Achievement Awards were given Friday night to the top boys in the Hamlin Chapter of the FFA by T. C. Blankinship, Advisor, at the annual Father and Son Banquet held at the High School Cafeteria. John Bill Oman (third from the left) State FFA vice president of Stamford, was speaker for the banquet attended by about 40 boys and their guests. O. H. Weaver Jr. was master of Ceremonies. Receiving awards were: left to right—Van Newberry, Poultry; Barry Moore, Scholarship and Beef Cattle; Oman; Johnny Stovall, Star Chapter Farmer, Public Speaking and Swine; George Stovall, Star Greenhand; and Don Brown, Wheat. Not pictured were Raley Smith, Farm Mechanics and Ronnie Flenniken, Dairy Cattle.

## GOVERNOR URGES PUBLIC TO DRIVE WITH CARE OVER 4TH

Governor Price Daniel said today that "every Texas driver owes it to himself, his family, his passengers and his State to make certain that he is not involved in a traffic crash at any time, but more especially during the traffic-crowded Fourth of July period."

The Texas Department of Public Safety said the official "Operation 'Operation Death-watch'" during which all victims of violent or accidental death will be counted, will be observed from 12:01 a.m. to 11:59 p.m., Tuesday, July 4, making it a one-day holiday. "But I feel fairly certain"

the Governor added, "that Texas highways will carry an unusual amount of traffic also on July 1, 2 and 3, immediately preceding the national Independence Day observances. So again we appeal to all drivers to exercise unusual caution and to drive carefully and legally."

The Governor said the average daily traffic toll in Texas was nearly seven a day in 1959 and just over six a day in 1960. In the light of records for the one-day Fourth of July holidays in 1956, when 12 were killed, and in 1957, when 15 were traffic victims, Governor Daniel added, "it is quite possible that the normal average could be doubled on the Fourth, and this we want to prevent."

The Governor has asked all State and local law enforcement officials to "maintain steady pressure particularly on persons involved in speed too great for conditions and driving while drinking, and against all drivers who either cannot or will not drive safely and legally."

In 1956, when the DPS predicted 11 traffic deaths, 12 persons died. In 1957, with a prediction of 10 deaths totaled 15. In the past nine years, Fourth of July traffic deaths have been fewer than predicted only three times. Two of those better years, 1958 and 1960, followed strenuous Statewide campaigns staged under the Governor's sponsorship, in cooperation with State and local law enforcement agencies and civic groups.

Attending from the R. L. Hudson family were Mrs. (Carrie) Britton, Mr. and Mrs. (Mary) Bud Renfro, Mrs. Stella Mixon and Valeria Hudson all of Hamlin. Four children of the late Lonnie (Dutch) Hudson traveled great distances to attend coming from Long Beach, California, Little Rock, Arkansas, Carlsbad, New Mexico and Centerville, Texas.

The M. T. Hudson family was the only one with all members of the family there. Their daughter, Mrs. (Joyce) Earle G. Misner and family arrived just in time for the reunion after driving from Fort Grady, Alaska, where they have spent the last two years.

## Daughter Born

Mr. and Mrs. Bill Brown of Naravica, New Mexico, are the parents of a new daughter born June 27 in the Dalhart, Texas, hospital. She weighed 7 pounds, 8 ounces.

The Browns are former residents of Hamlin and prior to her marriage Mrs. Brown was Alta Willis.

## Cecil Sellers Attend Meeting

Mr. and Mrs. Cecil Sellers attended the National Livestock Marketing Congress held in the Sheraton-Dallas Hotel, June 21-25.

Representatives from 36 states discussed the problems of the agricultural and livestock industry from several viewpoints.

It is hoped that through organization the voice of the people in this industry may be heard with more strength in the matter of government regulations, Sellers stated.

Serving as convention chairman for the National Livestock Dealers Association, Sellers was in charge of a quarter horse sale sponsored by the association. He will serve as vice president for 1962 and the association will hold their convention in Great Falls, South Dakota, in June of that year.

Sellers is in the process of constructing a new livestock auction sale in Coleman and he and his family have taken temporary housing there to oversee the project. He and his partner, Duwayne Edington of Coleman, plan to have the auction ready for business the last of August.

Mr. and Mrs. Joe A. Simpson and Carol Joe are vacationing in Tennessee and North Carolina this week. Several points of interest they have visited have been the Great Smoky Mountain Park, the Hermitage in Nashville, Tennessee, and points of interest in Atlanta, Georgia.

## Hamlin to Close Tuesday for 4th

Most of the merchants in Hamlin plan to be closed Tuesday July 4, in observance of Independence Day. This is one of the regular scheduled holidays of the retail trade committee of the Board of Community Development.

The only special activity in the area other than family reunions and picnics, is the

Texas Cowboy Reunion which will open in Stamford July 1, and continue on the 3 and 4.

Police Chief J. L. McCurdy urges all citizens planning trips over the long weekend to drive carefully. Texas hospitals and cemeteries are full of accident victims who thought it could only happen to the other fellow.

He also reminds residents that fireworks are permitted to be discharged only in yards, provided the home is not located in the fire zone.

The city ordinance which governs the shooting of fireworks also does not allow a person to stand in their yard and throw the fireworks into the street.

McCurdy further states that fireworks are not to be exploded in public places.

## SOFTBALL TOURNEY HERE THIS WEEKEND

The Hamlin Jaycees will host a Softball Tournament here this weekend. Teams from Stamford, Munday, Rotan, Oil Mill and Hamlin will compete in the Friday and Saturday tourney.

A trophy will be awarded to the winning team.

Admission prices to the games will be: adults 50 cents and children under 12 25 cents.

## Aspermont Votes Down Proposal

Patrons of the Aspermont Rural High School District voted a proposed change in the system's status to an independent school district Tuesday, 144 to 121.

Aspermont School Board trustees who endorsed the change pointed out that as an independent district additional state aid would be made available.

## Bridge Club Talked Here, Meet July 1

An open meeting will be held at 2 p.m. Saturday at Bunnie's Drive Inn for the purpose of organizing a Hamlin Duplicate Bridge Club.

According to Jerry Howard, the club will be sanctioned by the American Contract Bridge League.

Howard urges all bridge players, who are interested in the organization of a club, to attend the meeting.

## Water Connects

New water connections made in Hamlin during the month of June according to records of the City Offices, were: Don Reed, 138 S.W. 1st; Don Worthington, 147 S.W. Ave. B; Sam Vanhoozer, 114 N.W. Ave. G; Alex Warren, 529 N. Central; Bill Spear, 1050 N.W. 1st; John F. Spratlan, 129 N.W. Ave. F; O. B. Robbins, 136 S.E. 9th and Gene Walton, 637 S. Central.

## HAMLIN 66 OIL COMPANY SETS OPEN HOUSE SATURDAY, JULY 8

The grand opening of the Hamlin 66 Oil Company will be held on Saturday, July 8. Located at the Harden Hotel building 500 S. Central, the service station and warehouse is owned and operated by C. R. Lovell.

During the formal opening a six bottle carton of Coca-Cola will be given with each tank of gasoline, either Phillips 66 Flight Fuel or Regular. There will be free balloons

for the kids and gifts for the ladies.

Lovell states that all Phillips 66 products including diesel, tires, batteries and accessories will be featured and Phillips Credit Cards will be honored.

His plans for the future are to expand the warehouse and storage facilities.

The jobbership contracts were granted to Lovell in early May.

**TO PLAY IN STATE TOURNEY**—Van Newberry, son of Mr. and Mrs. B. V. Newberry, (left) will represent the Hamlin Jaycees and Region five of the Texas Jaycees at the State Tournament in Lake Jackson July 17-18. Van won second with a 116 at the Sectional Jaycee Golf Tournament in Big Spring last week. Lloyd Turner of Sweetwater, second from left, ac-

cepts a trophy from Malinda Crocker, Miss Big Spring of 1960, for winning the Tourney with a four-over-par 111. Roger Middleton of Abilene, right, was third with a 117. Mark Smith, Hamlin, is an alternate to the State meet. (Photo courtesy of the Abilene Reporter-News.)

News reached Hamlin Wednesday that George Britton had been seriously hurt by a tractor and had been taken to the Stamford Sanitarium for treatment. As near as the Herald can secure the facts, it seems that George was trying to kick a prop out from under a wheel of the tractor and the wheel caught his left foot, crushing it badly up to the heel. Misses Walton and Birdwell took it upon themselves to entertain Messrs Mallory Etter and Herbert Love as they are leaving to be gone for some time. The young people met at the Methodist Church and went from there to the Park. They all enjoyed a pleasant swim. Several of the young ladies made attempts to drown so they could be saved by "our heroes," but as they couldn't, they were all called to supper by the hostess, where they found all kinds of good eats. As they were fixing to leave the hostess surprised them by an "ice course." After each one had expressed their feelings they decided best to leave for home. Rev. W. M. Copeland will begin a protracted meeting, conducted by him under the County Association Tent, at the Carlton School house. While coming to what he thought was a fire last Saturday night, Mr. A. H. Carlton and wife in company with Postmaster Rowland's wife and children, ran into the public water basin near the Medford Hotel, with his car and came near resulting in a serious hurt to Mrs. Carlton.

The "War for Economic Freedom and Human Welfare" is still on. President Roosevelt accepts the challenge of battle again, and bravely calls to every man and woman to follow him to victory. To our way of thinking, it is either "follow Roosevelt in our economic war" or else see our country lapse into a situation to repeat the catastrophe of 1929. Some people cannot see anything good in the party except in that one they have always supported. But everything turns out for the best. Perhaps the country is better off for having voted for Hoover in 1928 than it would have been had Al Smith been elected. Texas and many old Democratic states then would not follow their party. In 1932 several millions of Republicans deserted Hoover and since then most of them have seen economic improvement all along the line under a Democrat. Roosevelt said in a speech made at the Acceptance Program in Philadelphia, "America will not forget these recent years—will not forget that the rescue was a concern of all of us. In our strength we rose together, rallied our energies together, applied the old rules of common sense, and together

survived. In those days, my friends, we have won against the most dangerous of our foes—we have conquered fear..."

A total of 51 carloads of wheat has been shipped from the Hamlin market points during the 1946 season. Place of educational and musical director of the First Baptist Church in Hamlin was assumed last week by Floyd D. McCoy Jr. of Winters. Three more Hamlin area school districts will vote on the question of merging with the Hamlin Independent School District-Scheduled to vote are David Wise Chapel and Swenson. Tommy Carpenter, son of Mr. and Mrs. Fred Carpenter of Hamlin, was one of 43 Boy Scouts in the Chisholm Trail Council area selected to receive the Order of the Arrow. Robbery of the Witt Jewelry Store was probably averted last Thursday night when the city nightwatchman, C. R. Branscum, in passing the place of business, noticed a young man in the store. The boy fled from the scene, and by the time Branscum reached the rear of the building, where entrance was gained, the lad had vanished. Nothing was missing from the firm, I. R. Witt, proprietor, reports. Housewives were encouraged this week to arrange for more fruit canning when announcements were made over the weekend that an additional sugar stamp will be validated for use by July 1. At 9:00 o'clock the morning of June 6, Zona Lee Faulkenberry, daughter of Mr. and Mrs. L. R. Faulkenberry, and Fred Vaughan Jr., son of Mr. and Mrs. J. F. Vaughan, were married in the home of the bride's parents. Ora Mae Autrey, daughter of Mr. and Mrs. W. P. Autrey of Abilene, and Horace Bruner, son of Mr. and Mrs. L. B. Bruner, were married in the parsonage of the First Methodist Church, June 16.

Miss Jo Hargrove was elected sponsor from Hamlin to the Texas Cowboy Reunion at Stamford. Miss Hargrove is the daughter of Mr. and Mrs. W. C. Hargrove. Jack Russell, son of Mr. and Mrs. W. C. Russell, was painfully injured in a fishing accident in the vicinity of Possum Kingdom. Robert Bonner, son of Mr. and Mrs. Harold Bonner and Joe Don Hymers, son of Mr. and Mrs. Don Hymers, were taken in to the Order of the Arrow during the final session at Camp Tonkawa, near Lake Abilene. A reunion of the Fancher was held at McCaulley under the "abernacle at the First Baptist Church. Sincere and interested friends of Marie Suzanne Toler and Andrew Bradford gathered to overflow the First Methodist Church to witness the ceremony that united the pair in marriage. Old Sol

has really been beating down during the afternoons of the past week, and thermometers at the Santa Fe Depot have registered temperatures of more than 100 degrees on six days of the past seven. Clinton Barrow was named Jones County Service Officer effective July 1. D. Ashabanner has arrived in Hamlin to assume his duties as registered pharmacist at the Reynolds Drug.

The First Methodist Church was the scene of an impressive double ring ceremony that united in marriage Amanda Belle Freeman and Thomas Eugene Pike. The Rev. Darris Eggar, pastor, officiated. The bride is the daughter of Mr. and Mrs. O. C. Freeman of Hamlin and the groom's parents are Mr. and Mrs. L. B. Pike of Rule. Four new teachers have been elected to the faculty of the Hamlin Schools. They are Mrs. Weldon Johnson; Mrs. Ethel Wainwright Allan, language arts in the seventh and eighth grades; Mrs. Harvey Elkins, third grade; and Mrs. N. D. Miers of Toran, either the first grade or public school music. Incoming president of the Hamlin Lions Club, Edgar Duncan, and his family left over the weekend for Miami, Florida, to attend the annual convention of Lions International. A boy for Mr. and Mrs. W. T. Johnson was born June 17. The new bank officer has been named McBride. Women of the Faith Methodist Church will gather waste paper to be sold to raise funds toward a new church building. Carolyn McClenny, director of Music in the Hamlin schools the past two years and assistant director of music at the First Methodist Church, will become the bride of Ed Cotton. Cotton has been athletic coach at Aspermom High School. Engagement of Virginia Lee Morgan of Oceanport, New Jersey, to Charles Foster Cook Jr., son of Mr. and Mrs. C. F. Cook, has been announced. The wedding date has been set for August 4.

Mrs. Johnnie Agnew First to Name Larry Adamson Farm

Mrs. Johnnie Agnew was the first to identify the "mystery farm" appearing in the June 8 issue of the Hamlin Herald. The 1,700 acre farm is owned by Larry Adamson and is operated by Mr. and Mrs. W. D. Beauchamp. Located nine miles northwest of Anson, the main crops of the farm are wheat and cotton, and they raise some cattle. The Beauchamp's have two sons, Douglas, 18, and Larry, 12. They are members of the Hanna Baptist Church and the Farm Bureau. Mrs. W. O. Gray also made the correct identification of the "mystery farm."

STATE CAPITAL Highlights AND Sidelights by Kern Sanford TEXAS PRESS ASSOCIATION

AUSTIN—Texas' tax debate continues! Not as lively now as during the legislative session—but many voices are being heard.

It's sort of a "speak now or forever hold your peace" period. Some type of tax bill, undoubtedly the biggest in Texas history, will have to be passed in July or August, and those with something to say are rushing to get in their licks.

Legislators report that the small-scale "great debate" is proving very helpful in stirring up opinions from previously silent constituents. They're hoping to discover enough home district reaction to guide them to a swift, sure solution when they return for the special session July 10.

Eight Central Texas lawmakers, in a reply to Gov. Price Daniel's report to the people, say the raising \$341,000,000 in new revenue will require a "board coverage tax."

Although five of the eight voted with the governor during the session, several objected to a "hit and miss" tax approach.

Some say that people in their districts object to selective taxes on grounds that "it's not fair to tax my product and not my neighbor's."

In The Wind—A number of new approaches to tax plans already battled around during the regular session are being worked on by lawmakers during this interim. Among plans being considered are these:

1. By Rep. Charles N. Wilson of Trinity (sponsor of the 2 percent sales tax passed by the House last session)—a new sales tax that would be inked, Siamese-twin fashion, with a corporation income tax.
2. By Rep. George T. Hinson of Mineola (a frequent sponsor of legislation favored by the governor)—a one percent tax on everything selling for \$5.00 or more, and the usual food and drug exemptions.
3. By Rep. Ben Atwell of Dallas—selective excise taxes of 2 percent on a long list of items, but generally exempting the bed rock necessities of life.

New Committee At Work—Governor Daniel's new tax study committee, made up mostly of the board chairman for various state agencies, got off to a diplomatic, soft-voiced start.

Several lawmakers took a dim view of having "another study group," recalling that the last one had come up with a payroll tax plan that never caught fire. Texas voters, they pointed out, selected their legislators to write the tax laws and will hold the legislators responsible for the outcome.

Members of the committee made it clear that they don't intend to dictate to the Legislature. But they do hope to be able to indicate some possible paths of compromise among the various plans for which the legislators have shown favor.

Committee to meet July 6 to write its report for the special session.

Down The Drain?—Some legislators are fretting over the loss in state revenue resulting from the Legislature's failure to pass a tax plan during the regular session.

Here is the way they see it: 1. Bills passed by a simple majority vote take effect 90 days after the close of the session. If a tax bill had been passed

NEINDA PHILOSOPHER THROWS COLD WATER ON ATTEMPT TO CONQUER MOON IN ORDER TO CONQUER EARTH

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 explores space this week, strictly from his rocking chair.

Dear editor:

In this day and age, nobody wants to be called scientifically backwards, although I've been called backwards in a lot of other fields and it hasn't bothered me, at least not to the extent of doing anything about it, but a neighbor of mine said he read a letter of mine in the Herald a while back and got the idea I was opposed to exploring space, like sending a man to the moon.

He got it all wrong. I'm not opposed to exploring space, so long as somebody else besides me is in the rocket, but I would like to point out that my guess that man may not find as much out in space as he thinks has now been agreed to by at least some scientists.

In a poll of space scientists the other day, it was found some scientists say it is essential that we get a man on the moon, and some say they doubt it would be worth the cost.

Here's the thing. The scientists for putting a man on the moon say it's necessary, because if Russia gets complete control of the moon, she can have a better chance at controlling the earth.

I got to thinking about this, and it suddenly dawned on me that if you can control the earth from the moon, why can't you control the moon from Mars or Venus or some other planet?

You mean to say that in order to control the earth, we've got to control the moon, and in order to control the moon, we've got to control the next planet beyond that, and then the next after that, and so on out into the limitless areas of

unexplored space?

This not only stretches the imagination, but it stretched and broke the national budget several planets back. This sure is going a long ways out in space to get peace on earth. It's like me saying I'll have to conquer all the land in North America before I can control this Johnson grass farm, whereas you and I both know what's standing in the way of improv'n this farm ain't the rest of North America, it's mostly me.

Conquering the moon and all the other planets in the uni-

verse in order to conquer the earth reminds me of a quotation: "The faults, dear Brutus, lies not in our stars but in ourselves." This is from Shakespeare, which I read on the back of a calendar in 1931.

Yours faithfully, J. A.

Another rain fell Saturday night, but there was more thunder and lightning than rain, but as soggy as the fields were any rain was too much, which is an unusual statement to make about West Texas.

Death came to our community again this week and took another of our dear friends and church member, Mrs. Roscoe Greenway had been fighting a gallant battle with cancer for some time but last Tuesday, June 20, about noon she lost the fight and passed to her reward, in Hamlin Hospital, where she had been a patient four days.

Mrs. Greenway had been a resident of our community all of her life, having been the former Cornelia Whitaker, known to all as Neenie, and at the time of her death she and Mr. Greenway were living at the old Whitaker homestead. She is survived by her husband.

Kenny Morrison of Abilene was a visitor at church Sunday morning. Kenny is a grandson of the Ralph Riddles.

Mr. Dalbert Barron, Bert, Eddie and Royce, were with us again Sunday. The church has enjoyed and appreciated so much having the Barron family with us the past few months. We are just sorry it has been under the sad circumstances it has and the members all give them their love.

Major Caroline Greenway Knight of McLean, Virginia, is spending some time with her father.

Sunday afternoon, July 9, at 3 p.m., an ordination service will be held at the church, to ordain a deacon. The Rev. T. M. Harrel, pastor of the Central Avenue Baptist Church in Hamlin, will preach the sermon.

Rev. and Mrs. Doyle Combs came from Ft. Worth Thursday for the funeral, and returned that night. Before going back they visited with Mr. and Mrs. E. A. Henry.

Mrs. Henry has been ill but was able to be back in church Sunday.

Mr. and Mrs. T. E. Dixon, of Carlsbad, New Mexico, spent last Monday night with his sister, Mr. and Mrs. Elmer Joiner. Another sister Mr. and Mrs. Woodrow Goodwin and Linda also visited with them.

Wayne Waincott has been helping his dad, George Waincott plant his cotton again.

death of her husband the week before. Mr. and Mrs. Vaughn had lived among us many years but after he was gone she could hardly stay on alone, so she is at home in the Reynolds' apartments in town. We understand she will have her home built later.

The WMU met last Tuesday morning with only four ladies present, but they enjoyed a good program, if they were small in number.

Mr. and Mrs. Bill F. Joiner, Christine, Mike and Robert were visitors in several homes in the Hamlin area last Friday afternoon. The Joiners are residents of Yuma, Arizona. Bill is the son of Oliver Joiner, and was reared around Hamlin. They came to bring their three eldest children to spend the summer with their grandmother, Mrs. LeRoy Vandervoort, who lives near Rule.

Mrs. Elmer Joiner attended council of the Home Demonstration clubs Wednesday afternoon in Anson and also visited with Mrs. R. E. Ray

Mrs. Woodrow Goodwin and Linda, visited with their aunt, Mrs. Kate Goodwin, in Hamlin Friday afternoon. Mrs. Goodwin was at the home of her daughter Mrs. Alton Hewitt.

Mr. and Mrs. Doug Ford and Mrs. David Ford and Shelly, spent the weekend with Mr. and Mrs. Joe Ford. Mrs. David Ford and Shelly, were visitors at church Sunday night.

Mrs. Gaudie White of Abilene, visited with Mr. and Mrs. Elmer Joiner Sunday after-

BY AMY ADAMS

## 'FAIR WEATHER FRIEND' IS NO FRIEND

Dear Amy: What do you do when your boy loses his job? My boy friend has been out of work for 3 months now and I am always afraid of not having any money when he goes out some place. I know that his are hard to find, but I don't think it is a good time to be going out. Do you? Should I date other guys from school without telling him or should I tell him that I just don't think we should steady anymore? Please let me know what I should do.

Confused

Dear Confused: And you are! If you really cared for this boy, his lack of money wouldn't alter your feelings. Tell him the truth (it's the least you can do) and until you learn to be more than a 'fair weather friend,' don't disillusion another boy by coming his steady!

Dear Amy: An Orchid to you and God bless you, too, for your suggestion to "nettle" to get in touch with her adoption agency. She adopted a girl in 1944 and my son adopted a girl in 1954. His brother also adopted a girl. They become like your own and need no special credit. We did because we wanted girls.

A Reader (Pine, Colorado)

Dear Reader: My sincere thanks . . . but you are the one deserving an 'Orchid'!

Dear Amy: I have an only child, a daughter, just turned 18. She has been conscious since she was 10 but never allowed to have a boy friend. Last week she met a friend at the movies and they sat together. Two boys came along when they knew and sat with her. Well, they hugged and stole kisses. I was upset when I read this out but did not show it. I asked my daughter to get her male friend home for to meet. So this week-end I had him and am satisfied that he is like a nice boy. He is two years older than my daughter. I would insist that she wait until she is older before dating. I do, I'm afraid my daughter

will no longer confide in me and I will always wonder about who she is meeting when she is allowed out. My daughter and I are very close and I know she is not stupid. I do not allow her to have single dates and she does not go out at night.

A Mother

Dear Mother:

It's perfectly normal for 13 year old girls to get the boy-logical urge. However, it's obvious your daughter doesn't know how to conduct herself. It's your job to teach her and to set the pace of her social life. Chaperoned parties and social functions at school are quite enough at 13.

Tell her with loving kindness that one step down calls for another, and to gain the respect of the opposite sex, she must control her emotions. If you are afraid your daughter will not respect your wishes, there is something lacking in your close relationship.

Dear Amy:

I just could not resist writing to you after reading the letter from 'An Old Peddle-Pusher'.

My son also graduated high school in June and did not get a car. In fact, he didn't want a car for graduation and he does not have any desire even to drive. He is 18 and says that no one should drive until they are 21 because before that age, they are not mature enough to handle a car with good judgment.

I'll admit this is an unusual attitude because my other son (16) can't wait. He will though . . . until he can buy his own. He has wanted other things badly enough to work for them and these are the things he appreciates.

Thank God I have two wonderful boys. I'm proud of them!

A Faithful Reader

PERSONAL to Afraid: I have never heard of a better reason to leave a man than yours. What took you so long?

## SUZANNE JENKINS AND EDWIN JACKSON MARRIED JUNE 18

Suzanne Jenkins and Edwin Jackson of Roby were united in marriage Sunday, June 18, at 9:00 o'clock in the morning in the home of Mr. and Mrs. Clarence Hyer. Double ring rites were read by the Rev. Vernon Mayfield, pastor of the Sagerton Methodist Church. The couple stood before an arch covered with greenery topped with white wedding bells and flanked with arrangements of pink gladioli.

The bride is the daughter of Mr. and Mrs. Chester Jenkins and the bridegroom is the son of Mr. and Mrs. Clyde Jackson of Jayton. Mrs. Hyer and Mrs. Jenkins have been lifelong friends.

Jeanette Jenkins was maid of honor for her sister, Delton Jackson of Hamlin, brother of the bridegroom, was best man. Mary Dell Jenkins, sister of the bride, was ring bearer.

The bride, given in marriage by her father, wore a tulle length gown of lace over taffeta which featured three quarter length sleeves, boat neckline and bouffant skirt. Her elbow length veil was attached to a tulle covered headband. She carried an orchid atop a white lace covered bible.

The maid of honor wore a dress of coral silk organza over taffeta and carried a nosegay of white gladioli. The ring bearer was wearing a pink nylon dress and the white satin pillow she carried was covered with white lace and trimmed with white ribbon streamers and orange blossoms.

Wedding music was presented by Debbie Rountree.

The reception was held in

the Hyer home following the ceremony. The bride's table was covered with white net over white satin and accented with pink ribbon, white bells and orange blossoms. Appointments were of crystal and silver. Arrangements of pink gladioli were used on the serving table and registry table. The cover of the bride's book was of white lace which matched her wedding gown.

Mmes. Audrey Hodnett, Delton Jackson and Dell Gabriel served.

For a wedding trip to Fort Worth, the bride chose a beige Irish embroidered linen dress with bone accessories and the orchid corsage from her bridal bouquet.

The former Miss Jenkins was graduated from Hamlin High School this spring.

The couple is living in Roby where Jackson, a 1958 graduate of Jayton High School is employed with Roby Mid-West Electric Co-operative.

## Jerry Foster Weds Brownfield Girl Here Saturday

Miss Merle Davis of Brownfield became the bride of Jerry Lanier Foster, Saturday afternoon in a double ring ceremony at the home of the bridegrooms parents, Mr. and Mrs. Bill Foster.

The Rev. Edmund W. Robb, pastor of the First Methodist Church, was the officiating minister.

The bride was given in marriage by her father, Mrs. J. V. Riley of Brownfield, sister of the bride was matron of honor and Lanny Foster was best man. Groomsman was Gerrel Davis.

Following the reception the couple left for Jacksonville, Florida, where the bridegroom is serving in the Navy.

## Mrs. Noble Greer Hostess for HD Meeting Friday

Mrs. Noble Greer was hostess for the Friendship Home Demonstration Club meeting in her home at 2 p.m. Friday.

"Understanding and Enjoying Older People" was the topic of the program presented in the form of a book review by Mrs. B. H. Gardner and Mrs. Fred Carpenter.

During the business portion of the meeting plans were made for the Rally Day to be held in Hamlin, July 14, in the Oil Mill Guest House.

Refreshments were served to eleven members and two guests. Mrs. Hill Smith and Mrs. Floyd Hallmark of Burney, California, Mrs. Hallmark is visiting her sister, Mrs. R. M. Young Sr.

## Mrs. Myrtle Locke Visits in Carolina

Mrs. Myrtle Locke visited recently in Wilmington, North Carolina, with her son and family, Mr. and Mrs. Durwood Lock, whom she had not seen in almost 10 years. She was accompanied on the trip by her daughter and granddaughter, Mrs. W. W. (Red) Wallace and Christy.

Locke was a 1948 graduate of Hamlin High School, attended Wayland College and graduated from Texas Tech. He is now employed as District Manager for the C.I.T. Corporation in Wilmington.

They toured Washington, D. C. and did some sight seeing along the coast. Other stops were made to visit Rev. and Mrs. Calvin Bailey in Bristol, Virginia, former pastor of the First Baptist Church here; Mr. Wallace's aunt, Mrs. O. L. Burt in Greenville, Alabama; to attend a family reunion in Laurel, Mississippi; and to Jesse Locke and family in Dallas. Christy stopped off at Lueders encampment for the remainder of the G. A.'s camp.

## Former Hamlin Girl Married in Snyder June 3

Beth Cochran was married to Tom Frank Hansen in double ring ceremonies, June 3, at the Colonial Hill Baptist Church in Snyder with the Rev. Jimmie Nelson, pastor, reading the marriage vows.

Mr. and Mrs. J. D. Cochran of Snyder, former residents of Hamlin, are parents of the bride and the bridegroom is the son of Mr. and Mrs. Tom Hansen of Carlsbad, New Mexico.

The bride, a 1960 graduate of Snyder High School, attended Jessie's Beauty School and prior to her marriage was employed at Esther's Beauty Salon in Lubbock.

Hansen graduated from Carlsbad High School and is presently attending Eastern New Mexico University.

Following a trip to points

in West Texas, the couple is at home in Portales, New Mexico.

## Methodist Circles This Week, Circle 1 Elects Officers

Nancy Vahlenkamp gave a report on the trip to M. Hostesses for meeting were changed and the July 6 meeting was changed to July 10. Truette Hennig reports on several state tests and gave "pep" talks on record books, handing out materials for records also. He asked the girls about their opinion on changing the rules of the Farm Queen's Contest. More out this in a later issue. V. R. Leverett gave a demonstration, featuring "Holiday Salad," a colorful salad made with whipped cream, marshmallows, cherries, nuts and pineapples. Rebecca Letz, Judy Sanders, a Baldree and Reva Letz the group in an auction. Hostesses were: Merrilee Flow, Judy White, Billy Vahlenkamp, Beverly Garner, Stephanie Letz, who served the Holiday Salad, cheese crackers, novelty cheese crackers and tea. An "After" meeting was held on a coming project this week.

Old Glory had an additional inch and a half of rain over the weekend.

The Old Glory community comes Mr. and Mrs. Loyner of Aspermont. They bought a house from the Skel-Oil Company and had it moved to Old Glory.

Donna June Robinson, daughter of Mr. and Mrs. James Robinson, was born at the Haskell Hospital on June 15. She has a sister who is 3 years old. Her grandparents of Old Glory are Mr. and Mrs. Robinson.

Helen Diers, daughter of Mr. and Mrs. E. H. Diers, attended the State Water League Convention at Tarleton College in Stephenville on June 23-25. The first day featured swimming, tours of the campus, a barbershop quartet singing, vespers and lights out at 12:30. The second day was filled with business meetings, workshops, swimming, baseball, tennis, badminton, volleyball, banquet, play and a reception. On Sunday, church and bible study was held in the morning. Business meetings and a talent show were held that afternoon. Of course, there was some eating, sleeping and rain.

Mr. and Mrs. John Gregory are residing in Abilene following their marriage at the Sacred Heart Catholic Church in Abilene on June 3. The bride is the former Yvonne Long, daughter of Mr. and Mrs. R. W. Long of Haskell. She is a 1960 graduate of Old Glory and is employed at the Sands Restaurant in Abilene. Her husband is stationed with the U. S. Air Force at Dyess Air Force Base.

It's hard to find a rural area of the state where this courageous fellow hasn't been. He is a proud picture of the electric cooperative lineman who has been stringing wire and planting poles in the remote sections of our state for more than a quarter century.

He has brought light and comfort to out-of-way places that might still be dark were it not for the cooperative he represents. The member-owners of these electric cooperatives of the state built their own electric systems and these fine electric systems are helping to build a better way of life.

The electric cooperative today is stable and strong... efficient and dependable... building a brighter tomorrow.

By MRS. CLYDE PRITCHARD

Farmers were planting cotton for the third time and some few were through when the .75 inch rain came Saturday night.

However we are thankful it was not a big washing rain and of course the gardens, grass and flowers are thriving and so beautiful and so will the crops, if we can ever get them started.

Mr. and Mrs. Chester Bates and Mr. and Mrs. Troy Hopner of Kress were Sunday night supper guests of Mr. and Mrs. Jack Buske, Sandra and Jackie.

Nara Mae Buske of Wellington is here for a two week visit with the Buskes and Ed Shaleford of Dallas spent Thursday night with them.

Mr. and Mrs. Arno Leigon and boys of Abilene came for a visit with his parents, Mr. and Mrs. Clarence Smith, Saturday and returned home Sunday.

Mr. and Mrs. Alvie Wade spent one night this week with the Oran Brighams and the Garland Wades stayed several nights with them. They are all from Tulsa.

Mr. and Mrs. Roy McClung and children of Odessa spent Sunday with Mr. and Mrs. Edgar Brigham and Lou Ella Brigham of Midland is spending this week with them.

Mr. and Mrs. Jerry Crowley of College Station spent the weekend here with their parents Mr. and Mrs. Cliff Crowley of Hamlin and Mr. and Mrs. C. P. Pritchard.

The Paul Galeys of Hamlin visited the Pritchards Saturday night.

The Clyde Pritchards are replacing steel cabinets with built-in ones and refinishing their kitchen walls and all the other walls of the house except two rooms.

Peggy Jane Glenn of Plainview is here visiting her grandparents, Mr. and Mrs. Davis Glenn.

Mrs. George Mae Jones of Lamesa has been here a part of this week visiting Mr. and Mrs. Edwin Taeker and Mrs. Sadie England. She also visited Mrs. Ruth Apperson one afternoon.

A bridal gift tea honoring Judy Carlton, bride elect of Don Haynes of Stamford, was held Saturday, June 24 in the home of Mrs. Fred Osment with nine hostesses assisting.

The fifty guests registered in the hand made brides book from the register table laid with white net over white satin and a center piece of white carnations with orchid net trim.

Mrs. James Boyd of Abilene sister of the groom registered the guests. White carnation corsages were presented to Mrs. Boyd and the others in the receiving line, who were the brides mother, Mrs. Joe Carlton, the bride-elect, the bridegroom's mother, Mrs. Hollis Haynes and Kate Carlton, sister of the bride.

Sarah Lou Carlton, Sister of the bride, ladled punch and Mrs. Bill Pritchard, Cousin of the bride, cut and served the bride's cake, from the refreshment table laid with white net over white taffeta with a centerpiece of white carnations with orchid net trim. Appointments of silver were used with the silver punch bowl, silver laddle, mint bowl and nut bowl.

Mrs. Garland Zimmerman and Mrs. Dave Walker hosted a luncheon in Mrs. Walker's home Saturday, honoring the bride-elect.

The tables were arranged to seat four with one small orchid as the centerpiece.

Guests were the bride-elect, Judy Carlton, Mrs. Joe Evans of Lubbock, Mrs. Bill Glenn of Albany, Mrs. James Boyd of Abilene, Judy Zimmerman, Peachie Cole, Mrs. Bill Pritchard, Kate Carlton, Sarah Lou Carlton, the bride-elect's mother, Mrs. Joe Carlton and the bridegroom's mother, Mrs. Hollis Haynes.

Mr. and Mrs. Earl Glenn and family of Corinth, Mississippi, are here visiting relatives. Mr. Glenn spent several days this week with the Ben Ashburns and the Dave Glenns and Mrs. Glenn is staying at Sweetwater with her parents, Mr. and Mrs. Charlie Capenhauer, and and Mr. and Mrs. T. Brady and family. Mr.

Copenhauer has been ill there for the past six months.

On Wednesday the Ben Ashburns went to Sweetwater to visit these people and Martha, Gloria and Bill Glenn, came home with them to spend several days.

Then on the weekend the Eugene Parnells brought their baby, Toni, up here for treatment and the Ashburns are keeping the older child, Mitzi.

Sunday guests of Mr. Copenhauer and the others were, the Ben Ashburns, the Ben Parnells, the Eugene Parnells, Mr. and Mrs. Jess McCallister of Stamford and Mr. and Mrs. Roy Applin of Tohoka.

Mr. and Mrs. Virgil Rush and girls, Cindy and Sheri, of Casa Grande, Arizona, are here for several days with her parents, Mr. and Mrs. W. C. Carlton and his mother, Mrs. Henry Bishop of Stamford and other relatives. Mr. and Mrs. Edwin Rush of Longview visited Mr. and Mrs. Carlton Saturday.

Billie June Bennett left

Thursday for California to visit her sister and family there.

Allen Shanafelt, son of Mr. and Mrs. Frank Shanafelt of Riverton, Wyoming, had major surgery this week. Mrs. Shanafelt was borned and raised in this community and is a sister of Mrs. Joe Carlton, and a niece of Mrs. Clyde Pritchard.

Mr. and Mrs. Dell Rorie of Paris, Texas, visited Mr. and Mrs. Gayle Baize and family from Wednesday till Sunday. They are an aunt and uncle of Mrs. Baize.

## Hamlin Men Attend Postal Meeting

Dispatch and delivery of mail in this area was the theme of the meeting held Monday, June 19, when members of the Brazos Valley Postal Employees Association met in Stamford at the Cliff House. More than 50 were present.

Dale Buckley, field service officer of this area, and John Wagoner of the schemes and routing distribution office of the post office department in Fort Worth, were on the program. E. B. Britton, Stamford postmaster, was master of ceremonies.

These meetings are held at regular intervals in the member towns and are designed to bring about greater cooperation and speedier handling of mail in the area.

Members were present from Knox City, Benjamin, Truscott, Rule, Rochester, Sagerton, Old Glory, Aspermont, Jayton, Hamlin, Abilene, Avoca, Lueders, Haskell, Weinert, Munday, and Stamford.

Mr. John Newby of Springtown visited the last two weeks with his daughter, Mrs. A. C. Tidwell. Mrs. Tidwell's grandson, Dwane Merritt of Andrews, also was a visitor in her home.

## Could be!

In less than ten years the number of college applicants is expected to double.  
But, some of our colleges are uncomfortably crowded now—today.  
By 1971, unless this problem is met, two things can happen; first, at many colleges only a portion of the bright, responsive youngsters who apply will be admitted. Second, for those who do get in, the quality of education may be inferior.  
For our children—for our country—watered-down education is something we simply cannot afford.  
If we are to maintain the quality of higher education that has made us great—that has given us our

great ideas, our discoverers, our pioneers of the mind—we must act now.  
We must recruit and train additional thousands of competent and qualified instructors. We must provide libraries, classrooms, well-equipped laboratories. And, we must do this immediately.  
Give the gift of knowledge. Give to the college of your choice . . . so that it can give to the future of America.  
Learn the full meaning of this urgent college crisis. Write for your free booklet, "OPEN WIDE THE COLLEGE DOOR," Box 36, Times Square Station, New York 36, N. Y.

### 70 Attend County Weekend 4H Camp At Buffalo Gap

Seventy Jones County 4H club members, adult leaders and friends attended the annual Jones County 4H Club Camp at Buffalo Gap this week, according to Extension Agents, Mary Y. Newberry, Shirlee Smith and Kirby Clayton.

Officers elected at the camp were: Stanley Harvey, chairman; Phylecia Roberts, chairman; Phillip Newsom, Jerry Doty, Beverly Garrett, Sandra Garrett, and Carolyn Bagley

served as camp council.

At camp the group participated in wildlife snake exhibit, put on by the Texas Fish and Wildlife Service, and a safety demonstration by the Texas Department of Public Safety. The campers also took part in such recreational activities as washers, horseshoes, baseball, swimming and games led by the club junior leaders. Leading the games for the night party were Stanley Harvey, Beverly Garrett, Jerry Doty and Phylecia Roberts. Several movies were shown for the night entertainment by county agent Clayton.

The county group toured

KRBC-TV station on the way home.

Adult leaders attending the camp were: Mr. and Mrs. Merrick Harvey, Mr. and Mrs. Mack Doty, Mr. and Mrs. Bill Blessing, Mrs. Howard Roberts, Mrs. J. E. Touchstone, Mr. J. A. Ham, Mr. Dub Hodges, and Mrs. Kirby Clayton.

T. W. Neill and Earnest Neill, both of Odessa, visited last week with their brother, Jim Neill, 544 North Central. The three brothers also went to Anson and were joined by another brother, J. E. Neill, for a visit with their sister, Mrs. C. H. Harrison of Abilene.

## LOCAL BUSINESS . . .

S. S. Talbert, Ph. D. Chairman, Dept. of Journalism University of Mississippi

The line between advertising and news is often too thin to split.

This is illustrated by the recent experience of a weekly publisher.

With strong support from the newspaper a local man established an elaborate bowling center. To encourage the new venture, the newspaper fostered a city bowling league. It reported schedules, the outcome of matches and league standings. The bowling business began to flourish.

When asked about an advertising program, the owner of the new business said, "Oh, it's not necessary; we're doing fine without advertising."

The comment caused the publisher to decide that the newspaper could survive without bowling news. And, so it did for several weeks.

But people began to lose enthusiasm for bowling. No one

seemed to remember the schedules. In time, the irate alley owner burst into the newspaper office: "What're you trying to do; wreck my business?"

"Of course not. But I can't afford to wreck my newspaper with free advertising," the publisher said. Tactfully, he pointed out that the bowling league owed its existence to newspaper publicity. The publisher carefully compiled the column inches of space devoted to the bowling center.

At local advertising rates the publicity would have cost more than a thousand dollars. "We would be glad to give similar attention to any important local recreational facility, but the newspaper would go out of business if we supported free-loading advertisers indefinitely."

The new bowling magnate saw the point which every businessman learns to recognize—

even though information about his business is interesting news, he has to bear a fair share of financing the communication medium which carries the information. Through no other process can the newspaper serve the public and the local business community, for the costs of printing a newspaper are very high indeed.

### Stamp Exhibition Set for Abilene

The Key City Coin Club and the Dyess Philatelic Society are jointly sponsoring a combined coin and stamp exhibition at the Windsor Hotel in Abilene, Texas, on the 7th, 8th and 9th of July. This will be the first time that a show of this nature has been undertaken in Abilene.

Members of the two clubs will exhibit over one hundred displays of coins and stamps. Two foreign governments will also exhibit specially prepared displays of their stamps. Over thirty dealers will be at the show with a large stock of stamps and coins.

A large auction will be held

THE HAMLIN HERALD

JUNE 29, 1961

Saturday afternoon at which over one hundred lots of rare coins and stamps will be sold. An official Souvenir Program with a special cancellation and an uncirculated coin attached to the front cover has been prepared on parchment paper.

Persons desiring more information about the exhibition, the auction list, or the exhibition program, should write to Paul P. Luchinger, 4040 South 7th Street, Abilene, Texas.

# PRECAUTIONS GIVEN TO MAKE FARM PONDS SAFER FOR KIDS

College Station—To youngsters, summertime is swimming time. This is especially true of rural children, many of whom have a convenient farm pond available. Unfortunately, many of these swimming excursions end in tragedy. All too often you read stories about children drowning while swimming in a farm or ranch tank.

W. L. Ulich, extension agricultural engineer, says most of the drownings that occur in farm ponds could be prevented if a few simple safety precautions were taken. The first thing to remember is to never let anyone, adult or child swim alone. Children should never, under any circumstances, be allowed to play alone anywhere near the pond.

It is also a good idea to keep life preservers handy, and to insist that non-swimmers wear them when playing in the pond

"Life preservers do not mean plastic bags," Ulich warns. Although a plastic bag will support a person when inflated, they puncture very easily.

Simple rescue equipment should also be kept at the pond. A long lightweight pole is very good for reaching swimmers in trouble. Another item that should be available is a length of light, strong rope. This rope should be at least as long as the pond is wide at its widest point. A lightweight float attached to the end of the rope will help if you want to throw it to a person in distress. Most ponds already have one good piece of rescue equipment—a small boat. If your pond does not, it would be a good idea to get one if at all possible.

July 23-29 is Farm Safety Week, and Ulich points out that making the farm pond a safe recreational area would be an excellent way to start preparing for it.

## Cowboy Reunion To Be Filmed

Radio television division of the University of Texas is making a 13 program series under a financial grant from the National Educational TV & Radio Center on "The American Cowboy."

Bill Burke of the U. T. Office states "we feel the movies and TV programs have often distorted the true cowboy, and we propose in our series to show him in life as he lives it. We are attending the Texas Cowboy Reunion to record actual sounds and interviews of real ranch life during the days of July 1st, 3rd and 4th, and we want to talk with as many of the oldtimers at their special gatherings as possible.

The United States actually declared itself officially independent two days before the Declaration of Independence was adopted. World Book Encyclopedia reports that Congress approved on July 2, 1776, a resolution by Richard Henry Lee that "These United States Colonies are, and of right ought to be, free and independent States."
